Freedom of Information Request: Our Reference CTMUHB_514_26

You asked:

Please provide the information as at 31 August 2026, or the nearest available reporting date if figures for that date are not available. Please state the reporting date used.

1. Digital project and programme management roles

Please provide the number of staff whose roles are primarily concerned with managing digital, IT, technology or informatics projects or programmes.

For these staff, please provide:

total headcount;

total whole-time equivalent (WTE/FTE);

a breakdown by exact job title;

a breakdown by Agenda for Change pay band, where applicable;

the directorate or department in which the posts sit; and

the occupation code or other workforce classification used for each job title, where held.

For the purposes of this request, this should include roles such as Digital Project Manager, IT Project Manager, Technical Project Manager, Senior Project Manager and Programme Manager where the post is specifically concerned with digital, IT, technology or informatics activity. It should not include project or programme managers working solely in areas such as estates, capital projects or non-digital clinical/service transformation.

2. Software development roles

Please provide the number of staff whose primary role involves the development, programming or engineering of software, applications or digital systems.

For these staff, please provide:

total headcount;

total WTE/FTE;

a breakdown by exact job title;

a breakdown by Agenda for Change pay band, where applicable;

the directorate or department in which the posts sit; and

the occupation code or other workforce classification used for each job title, where held.

This should include relevant roles such as Software Developer, Software Engineer, Application Developer, Systems Developer, Programmer and similar roles where software development is a substantive part of the post.

3. Establishment and vacancies

For each of the two groups above, if held, please also provide:

total funded establishment WTE/FTE;

occupied WTE/FTE; and

vacant WTE/FTE.

4. Classification

If the Health Board does not categorise its workforce using the two groups described above, please provide the information using the closest classifications available and explain which job titles have been included in each group.

Alternatively, if producing the requested groupings would require the creation of new information, please provide the existing recorded information from which the figures can be determined, such as the relevant job-title-level workforce report.

I am not requesting the names, employee numbers or other personally identifiable information of individual members of staff.

Our response:

Please see information provided in the table below:

	Established WTEs	Occupied WTEs	Headcount	Directorate	Band	Vacancies
Senior Programme Manager	1	1	1	Digital & Data	8b	0
