ACRONYMS
1. SITUATION/BACKGROUND

- 1.1 In September 2021 work began in earnest to develop a strategy for the health board entitled: CTM 2030: Our Health, Our Future.

- 1.2 Various activities are being undertaken including stakeholder workshops and public engagement and a full report and draft strategy document will be brought to the March board meeting.
- 1.3 So far this work has included the testing and development of four strategic goals for the organisation and four priority areas for each. These have been set into a new easy format, recognisable design to underpin communications.
- 1.4 The board is being asked to formally approve these goals and priorities.

2. SPECIFIC MATTERS FOR CONSIDERATION BY THIS MEETING (ASSESSMENT)

- 2.1 The best way to present these is to do so in the context of the branding set out below:
The four goals of Creating Health, Improving Care, Sustaining our future and Inspiring people each have four priorities for action:

In addition five life course logos have been added; Starting Well, Growing Well, Living Well, Aging Well and Dying Well to help provide a context for discussions with stakeholders on how we should deliver these goals.

Feedback to date has ensured that these titles, phrases and logos have been developed to a level of shared understanding and they are seen as helpful.
