Foreword

These Model Standing Financial Instructions are issued by Welsh Ministers to Local Health Boards using powers of direction provided in section 12 (3) of the National Health Service (Wales) Act 2006. Local Health Boards in Wales must agree Standing Financial Instructions (SFIs) for the regulation of their financial proceedings and business. Designed to achieve probity, accuracy, economy, efficiency, effectiveness and sustainability in the conduct of business, they translate statutory and Welsh Government financial requirements for the NHS in Wales into day to day operating practice. Together with the adoption of Standing Orders (SOs), a Scheme of decisions reserved to the Board and a scheme of delegations to officers and others, they provide the regulatory framework for the business conduct of the LHB.

These documents form the basis upon which the LHB's governance and accountability framework is developed and, together with the adoption of the LHB's Values and Standards of Behaviour framework, is designed to ensure the achievement of the standards of good governance set for the NHS in Wales.

All LHB Board members and officers must be made aware of these Standing Financial Instructions and, where appropriate, should be familiar with their detailed content. The Director of Finance will be able to provide further advice and guidance on any aspect of the Standing Financial Instructions. The Board Secretary will be able to provide further advice and guidance on the wider governance arrangements within the LHB. Further information on governance in the NHS in Wales may be accessed at

Cwm Taf Morgannwg University Health Board

1. INTRODUCTION

1.1 General

- 1.1.1 These Model Standing Financial Instructions are issued by Welsh Ministers to Local Health Boards using powers of direction provided in section 12 (3) of the National Health Service (Wales) Act 2006. Local Health Boards (LHBs) in Wales must agree Standing Financial Instructions (SFIs) for the regulation of their financial proceedings and business. They shall have effect as if incorporated in the Standing Orders (SOs) (incorporated as Schedule 2.1 of SOs).
- 1.1.2 These SFIs detail the financial responsibilities, policies and procedures adopted by **Cwm Taf Morgannwg University Health Board** (the LHB). They are designed to ensure that the LHB's financial transactions are carried out in accordance with the law and with Welsh Government policy in order to achieve probity, accuracy, economy, efficiency, effectiveness and sustainability. They should be used in conjunction with the Schedule of decisions reserved to the Board and the Scheme of delegation adopted by the LHB.
- 1.1.3 These SFIs identify the financial responsibilities which apply to everyone working for the LHB and its constituent organisations. They do not provide detailed procedural advice and should be read in conjunction with the detailed departmental and financial control procedure notes. All financial procedures must be approved by the Director of Finance and Audit Committee.
- 1.1.4 Should any difficulties arise regarding the interpretation or application of any of the SFIs then the advice of the Board Secretary or Director of Finance must be sought before acting. The user of these SFIs should also be familiar with and comply with the provisions of the LHB's SOs.

1.2 Overriding Standing Financial Instructions

- 1.2.1 Full details of any non-compliance with these SFIs, including an explanation of the reasons and circumstances must be reported in the first instance to the Director of Finance and the Board Secretary, who will ask the Audit Committee to formally consider the matter and make proposals to the Board on any action to be taken. All Board members and LHB officers have a duty to report any non-compliance to the Director of Finance and Board Secretary as soon as they are aware of any circumstances that has not previously been reported.

- 1.2.2 **Ultimately, the failure to comply with SFIs and SOs is a disciplinary matter that could result in an individual's dismissal from employment or removal from the Board.**

1.3 Financial provisions and obligations of LHBs

- 1.3.1 The financial provisions and obligations for LHBs are set out under Sections 174 to 177 of, and Schedule 8 to, the National Health Service (Wales) Act 2006 (c. 42). The Board as a whole and the Chief Executive in particular, in their role as the Accountable Officer for the organisation, must ensure the LHB meets its statutory obligation to perform its functions within the available financial resources.

2. RESPONSIBILITIES AND DELEGATION

2.1 The Board

2.1.1 The Board exercises financial supervision and control by:

- a) Formulating and approving the Medium Term Financial Plan (MTFP) as part of developing and approving the Integrated Medium Term Plan (IMTP);
- b) Requiring the submission and approval of balanced budgets within approved allocations/overall funding
- c) Defining and approving essential features in respect of important financial policies, systems and financial controls (including the need to obtain value for money and sustainability); and
- d) Defining specific responsibilities placed on Board members and LHB officers, and LHB committees and Advisory Groups as indicated in the 'Scheme of delegation' document.

2.1.2 The Board has resolved that certain powers and decisions may only be exercised by the Board in formal session. These are set out in the 'Schedule of matters reserved to the Board' document. The Board, subject to any directions that may be made by Welsh Ministers, shall make appropriate arrangements for certain functions to be carried out on its behalf so that the day to day business of the Health Board may be carried out effectively, and in a manner that secures the achievement of the organisations aims and objectives. This will be via powers and authority delegated to committees, sub-committees, joint committees or joint sub-committees that the LHB has established or to an officer of the LHB in accordance with the 'Scheme of delegation' document adopted by the LHB.

2.2 The Chief Executive and Director of Finance

2.2.1 The Chief Executive and Director of Finance will, as far as possible, delegate their detailed responsibilities, but they remain accountable for financial control.

2.2.2 Within the SFIs, it is acknowledged that the Chief Executive is ultimately accountable to the Board, and as Accountable Officer, to the Welsh Government, for ensuring that the Board meets its obligation to perform its functions within the available financial resources. The Chief Executive has overall executive responsibility for the LHB's activities; is responsible to the Chair and the Board for ensuring that financial provisions, obligations and targets are met; and has overall responsibility

for the LHB's system of internal control.

- 2.2.3 It is a duty of the Chief Executive to ensure that Board members and LHB officers, and all new appointees are notified of, and put in a position to understand their responsibilities within these SFIs.

2.3 The Director of Finance

2.3.1 The Director of Finance is responsible for:

- a) Implementing the LHB's financial policies and for co-coordinating any corrective action necessary to further these policies;
- b) Maintaining an effective system of internal financial control including ensuring that detailed financial control procedures and systems incorporating the principles of separation of duties and internal checks are prepared, documented and maintained to supplement these instructions;
- c) Ensuring that sufficient records are maintained to show and explain the LHB's transactions, in order to disclose, with reasonable accuracy, the financial position of the LHB at any time; and
- d) Without prejudice to any other functions of the LHB, and Board members and LHB officers, the duties of the Director of Finance include:
 - (i) the provision of financial advice to other Board members and LHB officers, and LHB Committees and Advisory Groups,
 - (ii) the design, implementation and supervision of systems of internal financial control, and
 - (iii) the preparation and maintenance of such accounts, certificates, estimates, records and reports as the LHB may require for the purpose of carrying out its statutory duties.

2.3.2 The Director of Finance is responsible for ensuring an ongoing training and communication programme is in place to effect these SFIs.

2.4 Board members and LHB officers, and LHB Committees and Advisory Groups

2.4.1 All Board members and LHB officers, and LHB Committees and Advisory Groups, severally and collectively, are responsible for:

- a) The security of the property of the LHB;

- b) Avoiding loss;
- c) Exercising economy, efficiency and sustainability in the use of resources; and
- d) Conforming to the requirements of SOs, SFIs, Financial Control Procedures and the Scheme of delegation.

2.4.2 For all Board members and LHB officers, and LHB Committees and Advisory Groups who carry out a financial function, the form in which financial records are kept and the manner in which members of the Board, Committees, Advisory Groups and employees discharge their duties must be to the satisfaction of the Director of Finance.

2.5 Contractors and their employees

2.5.1 Any contractor or employee of a contractor who is empowered by the LHB to commit the LHB to expenditure or who is authorised to obtain income shall be covered by these instructions. It is the responsibility of the Chief Executive to ensure that such persons are made aware of this.

3. AUDIT, FRAUD AND CORRUPTION, AND SECURITY MANAGEMENT

3.1 Audit Committee

- 3.1.1 An independent Audit Committee is a central means by which a Board ensures effective internal control arrangements are in place. In addition, the Audit Committee provides a form of independent check upon the executive arm of the Board. In accordance with SOs the Board shall formally establish an Audit Committee with clearly defined terms of reference. Detailed terms of reference and operating arrangements for the Audit Committee are set out in Schedule 3 to the SOs. This committee will follow the guidance set out in the NHS Wales Audit Committee Handbook.

3.2 Chief Executive

- 3.2.1 The Chief Executive is responsible for:

- a) Ensuring there are arrangements in place to review, evaluate and report on the effectiveness of internal financial control including the establishment of an effective Internal Audit function;
- b) Ensuring that the Internal Audit function meets the Public Sector Internal Audit Standards and provides sufficient independent and objective assurance to the Audit Committee and the Accountable Officer;

- c) Deciding at what stage to involve the police in cases of misappropriation and other irregularities not involving fraud or corruption;
- d) Ensuring that an annual Internal Audit report is prepared for the consideration of the Audit Committee and the Board. The report must cover:
 - a clear opinion on the effectiveness of internal control in accordance with the requirements of the Public Sector Internal Audit Standards.
 - major internal financial control weaknesses discovered,

- progress on the implementation of Internal Audit recommendations,
- progress against plan over the previous year,
- a strategic audit plan covering the coming three years, and
- a detailed plan for the coming year.

3.2.2 The designated internal and external audit representatives are entitled (subject to provisions in the Data Protection Act 2018 and the UK General Data Protection Legislation without necessarily giving prior notice to require and receive:

- a) Access to all records, documents and correspondence relating to any financial or other relevant transactions, including documents of a confidential nature;
- b) Access at all reasonable times to any land or property owned or leased by the LHB;
- c) Access at all reasonable times to Board members and LHB officers;
- d) The production of any cash, stores or other property of the LHB under a Board member or a LHB official's control; and
- e) Explanations concerning any matter under investigation.

3.3 Internal Audit

3.3.1 The Accountable Officer Memorandum requires the Chief Executive to have an internal audit function that operates in accordance with the standards and framework set for the provision of Internal Audit in the NHS in Wales. This framework is defined within an Internal Audit Charter that incorporates a definition of internal audit, a code of ethics and Public Sector Internal Audit Standards. Standing Order 10.1 details the relationship between the Head of Internal Audit and the Board. The role of the Audit Committee in relation to Internal Audit is set out within its Terms of Reference, incorporated in Schedule 3 of the SOs, and the NHS Wales Audit Committee Handbook.

3.4 External Audit

3.4.1 Pursuant to the Public Audit (Wales) Act 2004 (c. 23), the Auditor General for Wales (Auditor General) is the external auditor of the LHB.

The Auditor General may nominate his representative to represent him within the LHB and to undertake the required audit work. The cost of the audit is paid for by the LHB. The LHB's Audit Committee must ensure that a cost-efficient external audit service is delivered. If there are any problems relating to the service provided, this should be raised with the Auditor General's representative and referred on to the Auditor General if the issue cannot be resolved.

3.4.2 The objectives of the external audit fall under three broad headings, to review and report on:

- a) Whether the expenditure to which the financial statements relate has been incurred lawfully and in accordance with the authority that governs it;
- b) The audited body's financial statements, and on its Annual Governance Statement and remuneration report ¹;
- c) Whether the audited body has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

3.4.3 The Auditor General's representatives will prepare a risk-based annual audit plan, designed to deliver the Auditor General's objectives, for consideration by the Audit Committee. The annual plan will set out details of the work to be carried out, providing sufficient detail for the Audit Committee and other recipients to understand the purpose and scope of the defined work and their level of priority. The Audit Committee should review the annual plan and the associated fees, although in so doing it needs to recognise the statutory duties of the Auditor General. The annual audit plan should be kept under review to identify any amendment needed to reflect changing priorities and emerging audit needs. The Audit Committee should consider material changes to the annual audit plan.

3.4.4 The Auditor General's representative should be invited to attend every Audit Committee meeting. The cycle of approving and monitoring the progress of external audit plans and reports, culminating in the opinion on the annual report and accounts, is central to the core work of the Audit Committee.

3.4.5 The Auditor General's representatives will liaise with Internal Audit when developing the external audit plan. The Auditor General's representative

¹ Note: The Healthcare Inspectorate Wales will review and report on the Annual Quality Statement.

will ensure that planned external audit work takes into account the work of Internal Audit to avoid duplication wherever possible and considers where Internal Audit work can be relied upon for opinion purposes.

- 3.4.6 The Auditor General and his representatives shall have a right of access to the Chair of the Audit Committee at any time.
- 3.4.7 The Government of Wales Act 2006 (GOWA) provides that the Auditor General has statutory rights of access to all documents and information, as set out in paragraph 3.2.2a of these SFIs that relate to the exercise of many of his core functions, including his statutory audit of accounts, value for money examinations and improvement studies. The rights of access include access to confidential information; personal information as defined by the Data Protection Act 2018 and the UK General Data Protection Legislation; information subject to legal privilege; personal information and sensitive personal information that may otherwise be subject to protection under the European Convention of Human Rights; information held by third parties; and electronic files and IT systems. Paragraph 17 of Schedule 8 to GOWA operates to provide the Auditor General with a right of access to every document relating to the ~~Trust~~ **LHB** that appears to him to be necessary for the discharge of any of these functions. Paragraph 17(3) of Schedule 8 also requires any person that the Auditor General thinks has information related to the discharge of his functions to give any assistance, information and explanation that he thinks necessary. It also requires such persons to attend before the Auditor General and to provide any facility that he and his representatives may reasonably require, such as audit accommodation and access to IT facilities. The rights apply not just to the LHB and its officers and staff, but also to, among others, suppliers to the LHB.
- 3.4.8 The Auditor General's independence in the exercise of his audit functions is protected by statute (section 8 of the Public Audit (Wales) Act 2013), and audit independence is required by professional and ethical standards. Accordingly, the LHB (including its Audit Committee) must be careful not to seek to fetter the Auditor General's discretion in the exercise of his functions. While the LHB may offer comments on the plans and outputs of the Auditor General, it must not seek to direct the Auditor General.
- 3.4.9 The Auditor General will issue a number of reports over the year, some of which are specified in the Auditor General's Code of Audit and Inspection Practice and International Standards on Auditing. Other reports will depend on the contents of the audit plan.

The main mandatory reports are:

- Report to those charged with governance (incorporating the report required under ISA 260) that sets out the main issues arising from the audit of the financial statements and use of resources work
- Statutory report and opinion on the financial statements
- Annual audit report.

In addition to these reports, the Auditor General may prepare a report on a matter the Auditor General considers would be in the public interest to bring to the public's attention; or make a referral to the Welsh Ministers if significant breaches occur.

3.4.10 The Auditor General also has statutory powers to undertake Value for Money Examinations and Improvement Studies within the LHB and other public sector bodies. At LHBs he also undertakes a Structured Assessment to help him assess whether there are proper arrangements for securing economy, efficiency and effectiveness in the use of resources. The Auditor General will take account of audit work when planning and undertaking such examinations and studies. The Auditor General and his representatives have the same access rights in relation to these examinations and studies as they do in relation to annual audit work.

3.5 Fraud and Corruption

- 3.5.1 In line with their responsibilities, the LHB Chief Executive and Director of Finance shall monitor and ensure compliance with Directions issued by the Welsh Ministers on fraud and corruption.
- 3.5.2 The LHB shall nominate a suitable person to carry out the duties of the Local Counter Fraud Specialist (LCFS) as specified by Directions to NHS bodies on Counter Fraud Measures 2005 (as amended).
- <https://nwssp.nhs.wales/a-wp/governance-e-manual/knowning-who-does-what-why/supporting-good-governance/nhs-counter-fraud-service-wales/>
- 3.5.3 The LCFS shall report to the LHB Director of Finance and the LCFS must work with NHS Counter Fraud Authority (NHSCFA) and the NHS Counter Fraud Service Wales (CFSW) Team in accordance with the Directions to NHS bodies on Counter Fraud Measures 2005.
- 3.5.4 The LCFS will provide a written report to the Director of Finance and Audit Committee, at least annually, on proactive and reactive counter fraud work within the LHB.

- 3.5.5 The LHB must participate in the annual National Fraud Initiative (NFI) led by Audit Wales and must provide the necessary data for the mandatory element of the NFI by the due dates. The LHB should participate in appropriate risk measurement or additional dataset matching exercise in order to support the detection of fraud across the whole public sector.

3.6 Security Management

- 3.6.1 In line with their responsibilities, the LHB Chief Executive will monitor and ensure compliance with Directions issued by the Welsh Ministers on NHS security management.
- 3.6.2 The Chief Executive has overall responsibility for controlling and coordinating security.

4. FINANCIAL DUTIES

4.1 Legislation and Directions

4.1.1 The Health Board has two statutory financial duties, the basis for which is section 175 of the National Health Service (Wales) Act 2006, as amended by the National Health Service Finance (Wales) Act 2014. Those duties are then set out and retained in the Welsh Health Circular “WHC/2016/054 - Statutory Financial Duties of Local Health Boards and NHS Trusts.” They are as follows:

- First Duty - A duty to secure that its expenditure, which is attributable to the performance by it of its functions, does not exceed the aggregate of the funding allotted to it over a period of 3 financial years.
- Second Duty - A duty to prepare a plan to secure compliance with the first duty while improving the health of the people for whom it is responsible, and the provision of health care to such people, and for that plan to be submitted to and approved by the Welsh Ministers.

4.1.2 The details and requirements for the two duties are set out in the Welsh Health Circular “WHC/2016/054 - Statutory Financial Duties of Local Health Boards and NHS Trusts.” Full details of the WHC can be obtained by contacting the HSSG Director of Finance at:

hywel.jones38@gov.wales

4.2 First Financial Duty – The Breakeven Duty

4.2.1 The Health Board has a statutory duty to secure that its expenditure does not exceed the aggregate of the funding allotted to it over a period of 3 financial years, that is to breakeven over a 3-year rolling period.

4.2.2 Welsh Government will determine revenue and capital allocations prior to the start of each financial year and notify Health Boards.

4.2.3 Health Boards must ensure their boards approve balanced revenue and capital plans in line with their notified allocations before the start of each financial year.

4.2.4 The Director of Finance of the LHB will:

- a) Prior to the start of each financial year submit to the Board for approval a report showing the total allocations received, assumed in-year allocations and other adjustments and their proposed distribution to delegated budgets, including any sums to be held in reserve;

- b) Ensure that any ring-fenced or non-discretionary allocations are disbursed in accordance with Welsh Ministers' requirements;
 - c) Periodically review any assumed in-year allocations to ensure that these are reasonable and realistic; and
 - d) Regularly update the Board on significant changes to the initial allocations and the application of such funds.
- 4.2.5 The Chief Executive has overall executive responsibility for the LHB's activities and is responsible to the Board for ensuring that it meets its First Financial Duty.

4.3. Second Financial Duty – The Planning Duty

- 4.3.1 The Health Board has a statutory duty to prepare a plan, the Integrated Medium Term Plan (IMTP), to secure compliance with the first duty while improving the health of the people for whom it is responsible, and the provision of health care to such people, and for that plan to be submitted to and approved by the Welsh Ministers.
- 4.3.2 The Integrated Medium Term Plan must reflect longer-term planning and delivery objectives and should be continually reviewed based on latest Welsh Government policy and local priority requirements. The Integrated Medium Term Plan, produced and approved annually, will be 3 year rolling plans. In particular the Integrated Medium Term Plan must reflect the Welsh Ministers' priorities and commitments as detailed in the NHS Planning Framework published annually by Welsh Government.

<https://gov.wales/sites/default/files/publications/2019-09/nhs-wales-planning-framework-2020-23%20.pdf>

- 4.3.3 The NHS Planning Framework directs Local Health Boards to develop, approve and submit an Integrated Medium Term Plan (IMTP) for approval by Welsh Ministers. The plan must
- describe the context, including population health needs, within which the Health Board will deliver key policy directives from Welsh Government.
 - demonstrate how the Health Board are
 - delivering their well-being objectives, including how the five ways of working have been applied
 - contributing to the seven Well-being Goals,
 - establishing preventative approaches across all care and services
 - demonstrate how the Health Board will utilise its existing services and resources, and planned service changes, to deliver improvements in

population health and clinical services, and at the same time demonstrate improvements to efficiency of services.

- demonstrate how the three-year rolling financial breakeven duty is to be achieved.

4.3.4 An Integrated Medium Term Plan should be based on a reasonable expectation of future service changes, performance improvements, workforce changes, demographic changes, capital, quality, funding, income, expenditure, cost pressures and savings plans to ensure that the Integrated Medium Term Plan (including a balanced Medium Term Financial Plan) is balanced and sustainable and supports the safe and sustainable delivery of patient centred quality services.

4.3.5 The Integrated Medium Term Plan will be the overarching planning document enveloping component plans and service delivery plans. The Integrated Medium Term Plan will incorporate the balanced Medium Term Financial Plan and will incorporate the LHB's response to delivering the

- NHS Planning Framework,
- Quality, governance and risk frameworks and plans and
- Outcomes Framework

4.3.6 The Integrated Medium Term Plan will be developed in line with the NHS Planning Framework and include:

- A statement of significant strategies and assumptions on which the plans are based;
- Details of major changes in activity, service delivery, service and performance improvements, workforce, revenue and capital resources required to achieve the plans; and
- Profiled activity, service, quality, workforce and financial schedules.
- Detailed plans to deliver the NHS Planning Framework and quality, governance and risk requirements and outcome measures;

4.3.7 The Chief Executive has overall executive responsibility to develop and submit to the Board, on an annual basis, the rolling 3 year Integrated Medium Term Plan (IMTP).

4.3.8 The Board will:

- a) Approve the Integrated Medium Term Plan prior to the beginning of the financial year of implementation and in accordance with the guidance issued annually by Welsh Government. Following Board approval the Plan will be submitted to Welsh Government prior to the beginning of the financial year of implementation.

- b) Approve a balanced Medium Term Financial Plan as part of the Integrated Medium Term Plan, which meets all financial duties, probity and value for money requirements; and
 - c) Prepare and agree with the Welsh Government a robust and sustainable recovery plan in accordance with Welsh Ministers' guidance where the LHB plan is not in place or in balance.
- 4.3.9 The Board approved Integrated Medium Term Plan will be submitted to Welsh Government, for approval by the Minister, in line with the requirements set out in the NHS Planning Framework.
- 4.3.10 The finalised approved Integrated Medium Term Plan will form the basis of the Performance Agreement between the LHB and Welsh Government.

5. FINANCIAL MANAGEMENT AND BUDGETARY CONTROL

5.1.1 Prior to the start of the financial year the Director of Finance will, on behalf of the Chief Executive, prepare and submit budgets for approval and delegation by the Board. Such budgets will:

11. PROCUREMENT AND CONTRACTING FOR GOODS AND SERVICES

General Information

11.1 Procurement Services

11.1.1 While the Chief Executive is ultimately responsible for procurement the service is delivered by NWSSP Procurement Services.

11.1.2 Procurement staff are employed by NHS Wales Shared Services Partnership (NWSSP) and provide a procurement support function to all health organisations in NHS Wales. Although NWSSP is responsible for the provision of a Procure to Pay service and provision of appropriate professional procurement and commercial advice, ultimate responsibility for compliance with legislation and policy guidelines remains with the Health Board. Where the term Procurement staff or department is used in this chapter it should be read as equally applying to those departments where the procurement function is undertaken locally and outside of NWSSP Procurement Department, for example pharmacy and works who undertake procurement on a devolved basis.

11.2 Policies and Procedures

11.2.1 NWSSP Procurement Services shall, on behalf of the LHB, maintain detailed policies and procedures for all aspects of procurement including tendering and contracting processes. The policies and procedures shall comply with these SFIs, Procurement Manual, and the Revised General Consent to enter Individual Contracts. included as **Schedule 1** of these SFIs.

11.2.2 The Chief Executive is ultimately responsible for ensuring that the LHB's Executive Directors, Independent Members and officers within the organisation strictly follow procurement, tendering and contracting procedures.

11.2.3 NWSSP Director of Procurement Services is responsible for ensuring that procurement, tendering and contracting policies and procedures

- Are kept up to date;
- Conform to statutory requirements and regulations;
- Adhere to guidance issued by the Welsh Ministers;
- Are consistent with the principles of sustainable development.

11.2.4 All procurement guidance issued by the Welsh Ministers should have the effect as if incorporated in these SFIs.

11.3 Procurement Principles

11.3.1 The term "procurement" embraces the complete process from planning, sourcing to taking delivery of all works, goods and services required by the LHB to perform its functions, and furthermore embrace all building, equipment, consumables and services including health services. Procurement further embraces contract and/or supplier management, including market engagement and industry monitoring.

11.3.2 The main legal and governing principles guiding public procurement and which are incorporated into these SFIs are:

- Transparency: public bodies should ensure that there is openness and clarity on procurement processes and how they are implemented;
- Non-discrimination: public bodies may not discriminate between suppliers or products on grounds of their origin;
- Equal treatment: suppliers should be treated fairly and without discrimination, including in particular equality of opportunity and access to information;
- Proportionality: requirements and conditions in the procurement should be reasonable in proportion to the object of procurement and measures taken should not go beyond what is necessary;
- Legality: public bodies must conform to European Community and other legal requirements;
- Integrity: there should be no corruption or collusion with suppliers or others;
- Effectiveness and efficiency: public bodies should meet the commercial, regulatory and socio-economic goals of government in a balanced manner appropriate to the procurement requirement;
- Efficiency: procurement processes should be carried out as cost effectively as possible and secure value for money.

11.4 Legislation Governing Public Procurement

11.4.1 There are a range of EU Directives which set out the EU legal framework for public procurement. These EU Directives have been implemented into UK law by statutory regulations which govern public sector procurement, the primary statutory regulations in Wales being 'The Public Contracts Regulations 2015 No. 102.' From 1 January 2021, all aspects of EU law in respect of the EU Directives relating to public procurement, except where expressly stated otherwise by domestic legislation, will continue to govern public sector procurement, although further amendments or developments of EU related procurement law following this will not be incorporated into domestic law. The Welsh Government policy framework and the Wales Procurement Policy

Statement (WPPS) also govern this area. One of the key objectives of governing legislation is to ensure public procurement markets are open and that there is free movement of supplies, services and works. Legislation, policy and guidance setting out procedures for awarding all forms of regulated contracts shall have effect as if incorporated in the LHB's SFIs.

11.4.2 The main Regulations (the Public Contracts Regulations (2015 No. 102)) cover the whole field of procurement, including thresholds above which special and demanding procurement protocols and legal requirements apply. All Directors and their staff are responsible for seeing that those Regulations are understood and fully implemented. The protocols set out in the Regulations, and any Procurement Policy Notices, are the model upon which all formal procurement shall be based.

11.4.3 Procurement advice should be sought in the first instance from Procurement Services. The commissioning of further specialist advice shall be jointly agreed between the LHB and Procurement Services e.g. Engagement of NWSSP Legal and Risk Services prior to 3rd party Legal Service providers.

11.4.4 Other relevant legislation and policy include:

- The Well-being of Future Generations (Wales) Act 2015
- Welsh Language (Wales) Measure 2011
- Modern Slavery Act 2015
- Bribery Act 2010
- Equality Act 2010
- Welsh Government's Code of Practice for Ethical Employment in Supply Chains.
- The Producer Responsibility Obligations (Packaging Waste) Regulations 2007
- Welsh Government 'Towards zero waste: our waste strategy'
- The Welsh Government Policy Framework
- The Wales Procurement Policy Statement (WPPS)

11.5 Procurement Procedures

11.5.1 To ensure that the LHB is fully compliant with UK Procurement Regulations, EU Procurement Directives and Welsh Ministers' guidance and policy, the LHB shall, through NWSSP Procurement Services, ensure that it shall have procedures that set out:

- a) Requirements and exceptions to formal competitive tendering requirements;
- b) Tendering processes including post tender discussions;
- c) Requirements and exceptions to obtaining quotations;
- d) Evaluation and scoring methodologies

e) Approval of firms for providing goods and services.

11.5.2 All procurement procedures shall reflect the Welsh Ministers' guidance and the LHB's delegation arrangements and approval processes.

11.6 Procurement Consent

11.6.1 Paragraph 13(3) of Schedule 2 to the National Health Service (Wales) Act 2006 places a requirement on LHBs to obtain the consent of the Welsh Ministers before:

- Acquiring and disposing of property;
- Entering into contracts; and
- Accepting gifts of property (including property to be held on trust, either for the general or any specific purposes of the LHB or for any purposes relating to the health service).

The provision allows the Welsh Ministers to give consent, which may be given in general terms covering one or more descriptions of case.

11.6.2 General Consent has been granted to LHBs by the Welsh Ministers for individual contracts up to the value of £1 million in each case with the exception of those contracts specified in SFI 11.6.4 All contracts exceeding this delegated limit, all acquisitions and disposals of land of any limit, and the acceptance of gifts of property, must receive the written approval of the Welsh Ministers before being entered into. In addition, Health Board's must provide a contract summary to Welsh Government for contracts between £500,000 and £1 million prior to the contract being let. This requirement also applies to contracts that are to be let through a mini-competition under a public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services. The use of suitable Welsh frameworks where access is permissible shall take precedence over frameworks led by Public Sector Bodies outside of Wales. Further detailed guidance is incorporated within the Procurement Procedures.

11.6.3 **Schedule 1** details the requirement and process for LHBs to obtain consent to enter into contracts exceeding £1m and monitoring arrangements for contracts below £1m.

11.6.4 The requirement for consent does not apply to any contracts entered into pursuant to a specific statutory power, and/or Welsh Ministers direction, and therefore does not apply to:

- i) Contracts of employment between LHBs and their staff;
- ii) Transfers of land or contracts effected by Statutory Instrument following the creation of the LHBs;

- iii) Out of Hours contracts; and
- iv) All NHS contracts, that is where one health service body contracts with another health service body.
- v) Contracts entered into by Health Education and Improvement Wales (HEIW) for services which are the consequences of annual commissioning approved by the Minister e.g. annual education and training commissioning also do not require further Ministerial notification or consent.

To ensure consistency with guidance issued by NWSSP Procurement Services, further exceptions highlighted below should also be applied:

- vi) Contracts over £500k - £1 million (for noting) and £1 million + (for approval);
 - i) Wales Public Sector Framework Agreements e.g. Frameworks established by National Procurement Services (NPS) or NWSSP (not exhaustive) – no further approval required to award contracts under these Frameworks through a direct award or mini competition.
 - ii) Third Party Public Sector Framework Agreements e.g. Frameworks established by Crown Commercial Services, NHS Supply Chain (not exhaustive) – no further approval required to award contracts under these Frameworks through a direct award. Approval will however be required for award of contracts under these Framework Agreements through mini-competition or where the specification of the product/service required is modified from that stated within the Framework Agreement.

11.6.5 The Revised General Consent does not remove the requirement for LHBs to comply with SOs, SFIs or to obtain any other consents or approvals required by law for the transactions concerned.

Planning

11.7 Sustainable Procurement

11.7.1 To further nurture the Welsh economy, in support of social, environmental and economic regeneration, Health Boards must also be mindful to structure requirements ensuring Welsh companies have the opportunity to transparently and fairly compete to deliver services regionally or across Wales where possible. The principles of the Well-being and Future Generations Act (Wales) 2015 (WBFGA 2015) should be adopted at the earliest stage of planning. Procurement solutions must be developed embracing the five ways of working described within the Act and capture how they will deliver against the seven goals set out in the Act.

11.7.2 The WBFGA 2015 requires that bodies listed under the act must operate in a manner that embraces sustainability. The Act requires public bodies in Wales to think about the long-term impact of their decisions, to work better with people, communities and each other, and to prevent persistent problems such as poverty, health inequalities and climate change.

11.7.3 The 7 Wellbeing goals are

- a prosperous Wales
- a resilient Wales
- a healthier Wales
- a more equal Wales
- a Wales of cohesive communities
- a Wales of vibrant culture and thriving Welsh language
- a globally responsible Wales.

These goals have been put in place to improve the social, economic, environmental, and cultural well-being of Wales

11.7.4 Public bodies need to make sure that when making their decisions they take into account the impact they could have on people living their lives in Wales in the future. The Act expects them to:

- work together better
- involve people reflecting the diversity of our communities
- look to the long term as well as focusing on now
- take action to try and stop problems getting worse - or even stop them happening in the first place.

11.7.5 The LHB is required to consider the Welsh Government Guidance on Ethical Procurement and the new Code of Practice on ethical employment in supply chains which commits public, private and third sector organisations to a set of actions that tackle illegal and unfair employment practices including blacklisting, modern slavery and living wage.

11.7.6 The LHB shall make use of the tools developed by Value Wales in implementing the principles of the WBFGA 2015. The LHB shall benchmark its performance against the WBFGA 2015. For all contracts over £25,000, the LHB shall take account of social, economic and environmental issues when making procurement decisions using the Sustainable Risk Assessment Template (SRA).

11.8 Small and Medium Sized Enterprises (SMEs), Third Sector Organisations (TSOs) and Supported Factories and Businesses (SFBs)

11.8.1 In accordance with Welsh Government commitments policy set out in the current WPPS and subsequent versions of this statement the LHB shall ensure that it provides opportunities for these organisations to quote or tender for its business.

11.9 Planning Procurements

11.9.1 Health Boards must ensure that all staff with delegated budgetary responsibility or who are part of the procurement process for goods, services and works are aware of the legislative and policy frameworks governing public procurement and the requirement of open competition.

11.9.2 Depending on the value of the procurement, a process of planning the procurement must be undertaken with the Procurement Services and appropriate representative from the service and other appropriate stakeholders. The purpose of a planning phase is to determine:

- the likely financial value of the procurement, including whole life cost
- the likely 'route to market' which will consider the legislative and policy framework set out above.
- The availability of funding to be able to award a contract following a successful procurement process.
- That the procurement follows current legislative and policy frameworks including Value Based Procurement

11.9.3 The procurement specification should factor in the 4 principles of prudent healthcare:

- Equal partners through co-production;
- Care for those with the greatest health need first;
- Do only what is needed; and
- Reduce inappropriate variation.

Value based outcome/experience/delivery principles must also be included where appropriate ensuring best value for money, sustainability of services and the future financial position. Value for money is defined as the optimum combination of whole-life cost and quality to meet the requirement.

11.9.4 Where free of charge services are made available to the Health Board, NWSSP Procurement Services must be consulted to ensure that any competition requirements are not breached, particularly in the case of pilot activity to ensure that the Health Board does not unintentionally commit itself to a single provider or longer term commitment. Regular reports on free of charge services provided to the Health Board should be submitted by Board Secretary to Audit Committee.

11.9.5 Health Boards are required to participate in all-Wales collaborative planning activity where the potential to do so is identified by the procurement professional involved in the planning process. Cross sector collaboration may also be required.

Joint or Collaborative Initiatives

11.9.6 Specialist advice should be obtained from Welsh Government and the opinions of NWSSP Procurement Services and NWSSP Legal and Risk prior to external opinion being sought where there is an undertaking to commence joint or collaborative initiatives which may be deemed as novel or contentious.

11.10 Procurement Process

11.10.1 Where there is a requirement for goods or services, the manager must source those goods or services from the Health Board's approved catalogue. Where a required item is not included within the catalogue, advice must be sought from the Procurement Services on opportunities to source those goods or services through public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services. The use of suitable Welsh frameworks where access is permissible shall take precedence over frameworks led by Public Sector Bodies outside of Wales.

11.10.2 In the absence of an existing suitable procurement framework to source the required item, a competition must be run in accordance with the table below. Health Boards must ensure the value of their requirement considers cumulative spend across the Health Board for like requirements and opportunity for collaboration with other Health Boards and Trusts:

11.10.3 Agreements awarded are required to deliver best value for money over the whole life of the agreement. Value for money is defined as the optimum combination of whole-life cost and quality to meet the requirement.

Competition Requirements

11.11 Procurement Thresholds

11.11.1 The following table summarises the minimum thresholds for quotes and competitive tendering arrangements. The total value of the contract, whole life cost, over its entire period is the qualifying sum that should be applied (except in specific circumstances relating to aggregation and contracts of an indeterminate duration) as set out below, and in EU Procurement Directives and UK Procurement Regulations.

Goods/Services/Works Whole Life Cost Contract value (excl. VAT)	Minimum competition¹	Form of Contract
<£5,000	Evidence of value for money has been achieved	Purchase Order
>£5,000 - <£25,000	Evidence of 3 written quotations	Simple Form of Contract/Purchase Order
>£25,000 – Prevailing OJEU threshold	Advertised open call for competition. Minimum of 4 tenders received if available.	Formal contract and Purchase Order
>OJEU threshold	Advertised open call for competition. Minimum of 5 tenders received if available or appropriate to the procurement route.	Formal contract and Purchase Order
Contracts above £1 million	Welsh Government approval required ²	Formal contract and Purchase Order

¹ subject to the existence of suitable suppliers

² in accordance with the requirements set out in SFI 11.6.3.

11.11.2 Advice from the Procurement Services must be sought for all requirements in excess of £5,000.

11.11.3 The deliberate sub-dividing of contracts to fall below a specific threshold is strictly prohibited. Any attempt to avoid these limits may expose the Board to risk of legal challenge and could result in disciplinary action against an individual[s].

11.11.4 Deliberate re-engagement of a supplier, where the value of the individual engagement is less than £5,000, must not be undertaken where the total value of engagements taken as a whole would exceed £5,000 and require competition.

11.12 Designing Competitions

11.12.1 The budget holder or manager responsible for the procurement is required to engage with the Procurement team to ensure:

- Required timescales are achievable
- Specifications are drafted which:
 - are fit for inclusion in competition documents;
 - are drafted in a manner encouraging innovation by the market;
 - are capable of being responded to and do not narrow competition;
 - deliver in line with legislative and policy frameworks.

- include robust performance measures to effectively measure and manage supplier performance; and
- consider the ability of the market to deliver.

11.12.2 Appropriate performance measures are included in agreements awarded, thus ensuring best value for money decisions taken that return maximum benefit for the organisation and ultimately the improvement of patient outcomes and wider health and social care communities.

11.12.3 Criteria for selecting suppliers and achieving an award recommendation must:

- be appropriately weighted in consideration of quality/price;
- consider cost of change where relevant;
- be transparent and proportionate;
- deliver value for money outcomes;
- fully explore complexity/risk; and
- consider whole life cost.

11.13 Single Quotation Application or Single Tender Application

11.13.1 In exceptional circumstances, there may be a need to secure goods/services/works from a single supplier. This may concern securing requirements from a single supplier, due to a special character of the firm, or a proprietary item or service of a special character. Such circumstances may include:

- Follow-up work where a provider has already undertaken initial work in the same area (and where the initial work was awarded from open competition);
- A technical compatibility issue which needs to be met e.g. specific equipment required, or compliance with a warranty cover clause;
- a need to retain a particular contractor for genuine business continuity issues (not just preferences); or
- When joining collaborative agreements where there is no formal agreement in place. Request for such a departure must be supported by written evidence from the Procurement Service confirming local agreements will be replaced by an all Wales competition/National strategy.

11.13.2 Procurement Services must be consulted prior to any such application being submitted for approval. The Director of Finance must approve such applications up to £25,000, the Chief Executive or designated deputy, and Director of Finance, are required to approve applications exceeding £25,000. A register must be kept for monitoring purposes

and all single tender actions must be reported to the Audit Committee.

11.13.3 In all applications, through Single Quotation Application or Single Tender Application (SQA or STA) forms, the applicant must demonstrate adequate consideration to the Chief Executive and Director of Finance, as advised by the Head of Procurement, that securing best value for money is a priority. The Head of Procurement will scrutinise and endorse each request to ensure:

- Robust justification is provided;
- A value for money test has been undertaken;
- No bias towards a particular supplier;
- Future competitive processes are not adversely affected;
- No distortion of the market is intended;
- An acceptable level of assurance is available before presentation for approval in line with the Health Board Scheme of Delegation; and
- An “or equivalent” test has been considered proving the request is justified.

11.13.4 Under no circumstances will Procurement Services endorse a retrospective SQA/STA, where the Health Board has already entered into an arrangement directly.

11.13.5 As SQA or STA are only used in exceptional circumstances the Health Board, through the Chief Executive, must report each, including the specifics of the exceptional circumstances and the total financial commitment, in sufficient detail to its Audit Committee. The report will include any corrective action/advice provided by the Chief Executive, Director of Finance or NWSSP Director of Procurement Services to prevent recurrence by the Health Board.

11.13.6 The Audit Committee may consider further steps to be appropriate, such as:

- Instruct a representative of the Health Board to attend Audit Committee;
- Escalate to the Board;
- Request an internal Audit Review;
- Request further training or
- Take internal disciplinary action.

11.13.7 No SQA/STA is required where the seeking of competition is not possible, nor would the application of the SQA/STA procedure add value to the process/aid the delivery of a value for money outcome. Procurement Manual details schedule of departures from SQA/STA

where competition not possible.

11.13.8 For performance monitoring purposes, the NWSSP Procurement Service will retain a central register of all such activity including SQA/STA's not endorsed by Procurement or any exceptional matters.

11.14 Disposals

11.14.1 Disposal of surplus, obsolete equipment/consumables is also subject to the competition rules.

11.14.2 Obsolete or condemned articles and stores, which may be disposed of in accordance with applicable regulations and law at the prevailing time (e.g. Waste Electrical and Electronic Equipment (WEEE)) and the procedures of the Health Board making use of any agreements covering the disposal of such items.

11.14.3 The Health Board must obtain the best possible market price.

Approval & Award

11.15 Evaluation, Approval and Award

11.15.1 The evaluation of competitions via quotation or tender, must be undertaken by a minimum of 2 evaluators from within the operational service of the Health Board. Evaluation Teams for competitions of greater complexity and value must be multi-disciplinary and reach a consensus recommendation for internal approval.

11.15.2 The internal approval of any recommendation to award a competition must follow the Board's Scheme of Delegation.

11.15.3 The communication of the external notification to the market to award the contract must be managed by the Procurement Service.

11.15.4 Information throughout the process must be handled and retained as 'commercial in confidence' and not shared outside of staff directly involved in the competition process.

11.15.5 All associated communication throughout the competition process must also be managed by the Procurement Service.

Implementation & Contract Management

11.16 Contract Management

11.16.1 Contract Management is the process which ensures that both parties

to a contract fully meet their respective obligations as effectively and efficiently as possible, in order to deliver the business and operational objectives required by the contract and in particular, to achieve value for money. The relevant budget holder, shall oversee and manage each contract on behalf of the LHB so as to ensure that these implicit obligations are met. This contract management will include:

- Retaining accurate records
- Monitoring contract performance measures
- Engaging suppliers to ensure performance delivery
- Implementing contractual sanctions in the event of poor performance in conjunction with advice from Procurement Services; and
- Permitting stage payments as part of a formally agreed implementation/delivery plan which must be supported by written evidence issued by the budget holder.

11.16.2 Contract management on All Wales contracts will be provided by NWSSP Procurement Services.

11.16.3 Advice on best practice on Contract Management is available from NWSSP Procurement Services.

11.17 Extending and Varying Contracts

11.17.1 Extending, modifying or varying the scope of an existing contract is possible, if the provision to do so was included as an option in the original awarded contract, e.g. scope of requirement, further expenditure due to unforeseen circumstances, change in regulatory requirements, etc.

11.17.2 If there is no such provision, the Public Contracts Regulations 2015 define such limitations.

11.17.3 The Public Contracts Regulations 2015 provide further constraints on this matter, under which modifications/variations/extensions are capped at 50% of the original award value.

11.17.4 Further approval is not required to extend an agreement beyond the original term/scope where prior approval was granted as part of the procurement process.

11.17.5 If there was no provision to extend, further approvals are required from the Health Board budget holder and the local Head of Procurement. Budget holders must also be mindful of the threshold under which the original contract was awarded. Any increase in the contract value may require a more senior level of approval in line with the Scheme of Delegation.

- 11.17.6 This ensures an appropriate identification and assessment of potential risks to the Health Boards compliance of approvals being granted within the Scheme of Delegation and assurance that value for money continues to be delivered from public funds.
- 11.17.7 The budget holder must seek advice from NWSSP Procurement Services in advance of committing further expenditure to ensure the contract is reflective of requirements. The budget holder must assess whether there is sufficient evidence to support the justification and whether the budget is available to support the additional requirements.

Transactional Processes

11.18 Requisitioning

- 11.18.1 The budget manager in choosing the item to be supplied (or the service to be performed) shall always obtain the best value for money for the LHB. The budget holder will source those goods or services from the approved catalogue. Where a required item is not included within the catalogue, advice must be sought from the Procurement Services on opportunities to source those goods or services through public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services.
- 11.18.2 Where a required item is not on catalogue or on framework contract the budget manager shall request the NWSSP Procurement Services to undertake quotation / tendering exercises on their behalf in line with SFI 11.11 thresholds.
- 11.18.3 All orders for goods and services must be accompanied by an official order number, available from the Procurement Department. In no circumstances must a requisition number be used as an order number.

11.19 No Purchase Order, No Pay

- 11.19.1 The Health Board will ensure compliance with the 'No Purchase Order, No Pay' policy, the All Wales policy which was introduced to ensure that Procure to Pay continues to provide world-class services on a 'Once for Wales' basis.
- 11.19.2 The policy ensures that a purchase order is raised at the beginning of a purchase in circumstances where a purchase order is required under the policy. This follows industry standard best practice as it provides a commitment as to what is likely to be spent. The supplier must obtain a purchase order number for their invoice in order for it to be processed

for payment.

11.20 Official orders

11.20.1 Official Orders, issued following approved requisition and sourcing, must:

- a) Be consecutively numbered;
- b) State the LHB's terms and conditions of trade.

11.20.2 Official Orders will be issued on behalf of the Health Board by NWSSP Procurement Services.

12. HEALTH CARE AGREEMENTS AND CONTRACTS FOR HEALTH CARE SERVICES

12.1 Health Care Agreements

12.1.1 The Health Board will commission healthcare services for its resident population both internally, from its own LHB provided services, and externally, from other LHBs, Trusts and other providers. The Chief Executive is responsible for ensuring the LHB enters into suitable Health Care Agreements (or Individual Patient Commissioning Agreements, where appropriate) for the provision of health care services from external providers.

12.1.2 All Health Care Agreements should aim to implement the agreed priorities contained within the Integrated Medium Term Plan and wherever possible, be based upon integrated care pathways to reflect expected patient experience. In discharging this responsibility, the Chief Executive should take into account:

- The standards of service quality expected;
- The relevant quality, governance and risk frameworks and plans;
- The relevant national service framework (if any);
- The provision of reliable information on quality, volume and cost of service; and
- That the agreements are based on integrated care pathways.

12.1.3 All agreements must be in accordance with the functions conferred on the LHB by the Welsh Ministers.

12.2 Statutory provisions

The National Health Service (Wales) Act 2006 (c. 42) enables Health Boards to commission certain healthcare services. The relevant sections under the Act are as follows:

- Section 7 sets out the definition of an NHS contract, being an

arrangement under which one health service body arranges for the provision to it by another of goods or services which it reasonably requires for the purposes of its functions. It also provides a definition of a health service body;

- Section 9 sets out arrangements to be treated as NHS contracts for ophthalmic and pharmaceutical services;
- Section 32 makes provision in relation to services which can be provided to Health Boards by local authorities;
- Section 33 enables the Welsh Ministers to make provision which enables Health Boards and Local Authorities to enter into prescribed arrangements as to the provision of services which are in connection with specified circumstances, if they are likely to lead to an improvement in the way in which each of their functions are exercised;
- Part 4 enables Health Boards to make arrangements for the provision of primary medical services;
- Part 5 enables Health Boards to make arrangements for the provision of primary dental services;
- Part 6 enables Health Boards to make arrangements for the provision of general ophthalmic services;
- Part 7 enables Health Boards to make arrangements for the provision of pharmaceutical services;
- Section 188 enables the Welsh Ministers to make provision which enables Health Boards and the prison service to enter into prescribed arrangements as to the provision of services which are in connection with specified circumstances, if they are likely to lead to an improvement in the way in which each of their functions are exercised;
- Section 194 sets out the Health Boards powers to make payments towards expenditure on community services; and
- Section 195 sets out the conditions for payment where expenditure proposed under section 194 is in connection with services to be provided by a voluntary organisation.

12.3 Reports to Board on Health Care Agreements (HCAs)

12.3.1 The Chief Executive will need to ensure that regular reports are provided to the Board detailing performance, quality and associated financial implications of all health care agreements with external providers. These reports will be linked to, and consistent with, other Board reports on commissioning and financial performance.

13 GRANT FUNDING

It is a matter for LHBs to determine whether individual activities should be procured, or be eligible to receive grant funding, seeking legal advice as necessary. (Grants are defined as all non-procured payments to external bodies or individuals for activities which are linked to delivering policy objectives and statutory obligations. Payments are made to fund or reimburse expenditure on agreed items or functions in accordance with legally binding conditions.)

13.1 Legal Advice

13.1.1 Before the award of funding is made, legal advice where necessary must be sought to ensure that:

- The award does not breach the LHBs functions or its regularity of expenditure duty (that is, the activities for which the grant is made are within the scope of activities that the LHB has a legal remit to undertake);
- The activities would not be deemed to be normally subject to procurement legislation and policy; and
- A legally binding agreement is made with all delivery organisations.

See attached toolkit for grants v procurement:

Grant v
Procurement.doc

13.2 Policies and procedures

13.2.1 The LHB shall maintain detailed policies and procedures for all aspects of grant funding. The policies and procedures shall comply with these SFIs, and where appropriate the Welsh Government's Code of Practice to funding the third sector:

<https://gov.wales/sites/default/files/publications/2019-01/third-sector-scheme-2014.pdf>

13.2.2 The Chief Executive is ultimately responsible for ensuring that the LHB's grant procedures:

- Are kept up to date;
- Conform to statutory requirements;
- Adhere to guidance issued by the Welsh Ministers;
- Are consistent with the principles of sustainable development; and
- Are strictly followed by all Executive Directors, Independent Members

and staff within the organisation.

13.2.3 The award of grant funding must comply with the policy and principles set out in the Procurement section of these SFIs and ensure that the award meets the requirements of regularity, propriety and value for money.

13.2.4 All grant guidance issued by the Welsh Ministers should have the effect as if incorporated in these SFIs.

13.3 Corporate Principles underpinning Grants Management

13.3.1 While there is a need to make the financial arrangements for awarding funding as simple and streamlined as possible, LHBs should also ensure that taxpayers' money is spent appropriately and that it provides good value for money.

13.3.2 The overarching principles for managing public resources in Wales are set out in [Managing Welsh Public Money](#). The document states that the award of funding should be made in accordance with the law and the requirements of propriety, regularity and value for money.

13.3.3 Regularity requires compliance with appropriate authorities, regulations and legislation. Propriety requires both public authorities and funded bodies to deliver appropriate standards of conduct, behaviour and corporate governance. In addition, the public expects official decisions to be made fairly and impartially with public money spent wisely and appropriately, delivering value for money and ensuring that best use is made of resources.

13.3.4 The **corporate principles** of grants management are:

- The development of grant management processes and procedures that are transparent, accountable, proportionate and consistent;
- The delivery of a high quality regulatory framework that responds to demands but does not place unnecessary administrative burdens on LHBs or funded bodies;
- A regulatory framework that will take into consideration the need for proportionality, balancing the need for governance with the burden of administration, thus striking an appropriate balance between accountability and simplicity;
- An effective grant management process to ensure funded bodies spend the funding efficiently, transparently and for the purpose intended, with a view to maximising the impact and outcome from budgets;
- An appropriate evidence-based approach to underpin the design and development of all new funding programmes to ensure efficient and

effective use of public funds, ensuring that the funding programme is the optimal solution and that funding is targeted where it is most needed and where it can have most impact;

- A consistent framework that will reinforce respect and effectiveness of the rules for both administrators and funded bodies; and
- Compliance of the grant funding with State aid requirements in accordance with the State aid rules.

13.4 Grant Procedures

13.4.1 It is vital that money is put to use in a way that delivers the maximum benefit to the people of Wales. Grants funding programmes need to be managed as efficiently and cost effectively as possible to make sure that every penny is spent appropriately and in an accountable manner. When establishing grant funding programmes, LHBs should ensure principles of good practice available from a number of external sources are considered and reflected in grant programmes. Information on grants management is available on the Audit Wales website at:

<https://www.audit.wales/good-practice/grants-management-miniguides>

13.4.2 Health Boards must agree a clear purpose for each grant and how it will measure the delivery organisation's success in delivering those purposes. It should also agree appropriate targets with the delivery organisation.

13.4.3 For grant programmes that span a number of financial years, the LHB is responsible for evaluating the programmes to ensure they are fit for purpose, achieving required outcomes and continue to provide value for money.

13.4.4 LHBs are responsible for ensuring that appropriate procedures exist in relation to all the grants and funding for which they are accountable. **They are also responsible for ensuring that any grant provided to an entity that engages in economic activity complies with the State aid rules.**

13.4.5 LHBs are required to undertake due diligence checks on all potential delivery organisations to determine the economic and financial viability of any organisation(s) to administer public funds, and the reliability of the organisation(s). These checks are important in order to identify any risks or issues that could expose the LHB to potential financial loss, fraud or reputational damage. A proportionate level of due diligence should be carried out, both prior to the award of any grant funding and throughout the life of the award.

13.4.6 The LHB must enter into legally binding funding agreements with all

delivery organisations. When developing funding agreements, the LHB should ensure principles of good practice available from a number of external sources are considered and reflected.

13.4.7 The LHB is responsible for ensuring that all third party delivery organisations comply with and adhere to the terms and conditions of the Funding Agreement.

14. PAY EXPENDITURE

14.1 Remuneration and Terms of Service Committee

14.1.1 In accordance with SOs the Board shall establish a Remuneration and Terms of Service Committee, with clearly defined terms of reference and operating arrangements that specify which posts fall within its area of responsibility. This Standing Financial Instruction should be read in conjunction with Standing Order 3.4.

14.1.2 The Committee shall report in writing to the Board the basis for its recommendations. The Board shall use the report as the basis for their decisions, but remain accountable for taking decisions on the remuneration and terms of service of Directors and other senior employees, in accordance with the framework set by the Welsh Ministers. Minutes of the Board's meetings should record such decisions.

14.1.3 The Board will, after due consideration and amendment if appropriate approve proposals presented by the Chief Executive for the setting of remuneration and terms of service for those employees and officers not covered by the Committee.

14.1.4 The LHB will remunerate the Chair, Chief Executive, Executive Directors and Independent Members of the Board in accordance with instructions issued by the Welsh Ministers. Welsh Ministers approval will be required in the exceptional event that remuneration needs to be above the maximum of the salary band range, administratively this approval will be exercised by the Director General HSSG.

14.1.5 The Remuneration and Terms of Service Committee will consider cases of redundancy and Voluntary Early Release applications. The Remuneration and Terms of Service Committee will consider any novel employment and pay cases, such as compromise agreements and non-disclosure agreements, ensuring Welsh Government advice has been sought and considered.

14.2 Funded Establishment

14.2.1 The workforce plans incorporated within the approved Integrated Medium Term Plan will form the funded establishment, i.e., the budget for all approved posts. (The financial budgets (£) and workforce establishment budgets (budgeted whole time equivalents) as per SFI 5.1.1 g)

14.2.2 The funded establishment of any department may not be varied without

the approval of the Chief Executive or an officer with delegated authority.

14.3 Staff Appointments

14.3.1 Staff must only be engaged by authorised managers, in accordance with the Board's Scheme of Delegation. The engagement must be within the approved budget and funded establishment.

14.3.2 No Board member or LHB official may engage, re-engage, or re-grade employees, either on a permanent or temporary nature, or hire agency staff, or agree to changes in any aspect of remuneration outside the limit of their approved budget and funded establishment unless authorised to do so by the Chief Executive.

14.4 Pay Rates and Terms and Conditions

14.4.1 The Board will approve procedures presented by the Chief Executive for the determination of commencing pay rates, condition of service, etc, for employees in accordance with pay, terms and conditions set out in Ministerial directions on Agenda for Change and Medical and Dental pay, and any staff with pre-existing terms and conditions of service, following a TUPE transfer into employment or ad hoc salaried staff.

15. CAPITAL PLAN, CAPITAL INVESTMENT, FIXED ASSET REGISTERS AND SECURITY OF ASSETS

15.1 Capital Plan

15.1.1 Capital plans, and annual capital programmes, must be approved by the Board before the commencement of a financial year and should be in line with the objectives set out in the approved Integrated Medium Term Plan (IMTP) for the organisation. The actual capital plan and programmes must be delivered within Welsh Government capital finance resource limits.

15.1.2 The Director of Planning (or nominated responsible director) will develop a capital plan, and detailed capital programme, for the organisation that sets out a detailed capital investment plan to support the objectives set out in the IMTP. The capital programme must be affordable and within the capital allocations, as set out in the Welsh Government (WG) Capital Resource Limit for the year, and the LHB must not exceed the allocation resource limit. There must be an approved revenue funding plan in place to support any revenue costs associated with the capital plan. Regular updates must be provided to the Board, and relevant Board Committees, during the financial year.

15.1.3 The Board must approve a three year Capital Plan, and an annual Capital Programme, as set out in the Integrated Medium Term Plan and Budgetary Control chapters of these SFI.

15.2 Capital Investment Decisions

15.2.1 Robust business case and capital investment appraisal must be undertaken prior to formal submission to Welsh Government, the level of detail within the appraisal commensurate with the value and risk of the investment. Capital investment decisions should be undertaken in line with Welsh Government requirements and guidance for the development of business cases as set out in:

- NHS Wales Infrastructure Investment Guidance (Welsh Health Circular WHC (2018) 043)
<https://gov.wales/nhs-wales-infrastructure-investment-guidance>
- Better business cases: investment decision-making framework
<https://gov.wales/better-business-cases-investment-decision-making-framework>

15.2.2 The Director of Finance must provide a professional opinion on the financial elements of the business case. Capital investment decisions will be taken by the organisation in line with the financial thresholds specified by Welsh Government and in the Health Board's Scheme of

Delegation.

15.3.2 When capital investment decisions are taken and a Capital Programme is approved the project cannot be initiated until the authority to commit expenditure is formally delegated to a manager, in line with the organisation's Scheme of Delegation. The capital project must then be procured in line with normal procurement procedures or the Designed for Life or other approved procurement framework and in line with Welsh Government requirements and guidance and the applicable procurement legislation. Management control and financial reporting systems must be established to ensure that the project is:

- delivered on time;
- on budget; and
- within contractual obligations.

15.3.3 Project management controls and financial reporting systems must be established to ensure these objectives are met. Reporting requirements to Welsh Government will be set out in the approval letter provided post Ministerial approval.

15.3.4 Regular updates must be provided to the Board, and relevant Board Committees, during the financial year.

15.4 Capital Procedures and Responsibilities

15.4.1 The Chief Executive:

- a) Shall ensure that there is an adequate appraisal and approval process in place for determining capital expenditure priorities and the effect of each proposal upon plans;
- b) Is responsible for the management of all stages of capital schemes and for ensuring that schemes are delivered on time and to cost;
- c) Shall ensure that any capital investment above the Welsh Ministers' delegated limit is not undertaken without approval of the Welsh Ministers and that confirmation of capital resources has been received;
- d) Shall ensure that the three year Capital Plan, and detailed annual

Capital Programme, is approved by the Board, as part of the IMTP, prior to the commencement of the financial year;

- e) Shall ensure the availability of resources to finance all revenue consequences of the investment, including capital charges; and
- f) Shall ensure that any 3rd party use of NHS estate is properly controlled, reimbursed and reported. This will include ensuring that appropriate security, insurance and indemnity arrangements are in place and that there is a written agreement as to each party's responsibilities and liabilities.

15.4.2 For every capital expenditure proposal the Chief Executive shall ensure:

- a) That a business case is produced in line with Welsh Ministers' guidance and where appropriate the 5-case Model;
- b) That the Director of Finance has certified professionally to the costs and revenue consequences detailed in the business case and involved appropriate LHB personnel and external agencies in the process.

15.4.3 For capital schemes where the contracts stipulate stage payments, the Chief Executive will issue procedures for their management in accordance with the Welsh Ministers' guidance.

15.4.4 The approval of a capital programme by the Health Board shall not constitute approval for the initiation of expenditure on any scheme.

15.4.5 The Chief Executive shall issue to the manager responsible for any scheme:

- a) Specific authority to commit expenditure;
- b) Authority to proceed to tender; and
- c) Approval to accept a successful tender.

15.4.6 The Chief Executive will issue a scheme of delegation for capital investment management in accordance with the Welsh Ministers' guidance and the LHB's SOs.

15.4.7 The Director of Planning and Director of Finance shall issue detailed procedures governing the project, financial and contractual management, including variations to contract, of capital investment projects and valuation for accounting purposes. These procedures shall fully take into account the requirements and delegated limits for capital

schemes set out in Welsh Ministers' guidance and approval letters. The procedures will also cover post project benefits realisation to ensure benefits set out in the business case supporting the investment are delivered. The Director of Finance shall issue procedures for the regular reporting of expenditure and commitment against authorised expenditure.

15.4.8 The Director of Finance shall ensure, for each capital project over £2m, that the Welsh Government Project Bank Accounts policy is applied unless there are compelling reasons not to do so. The Director of Finance should apply to Welsh Government officials for exemption from use of Project Bank Accounts, setting out the compelling reasons.

15.5 Capital Financing with the Private Sector

15.5.1 The LHB must not enter into any new capital financing arrangements with the private sector, including Private Financing Initiatives, Mutual Investment Model and 3rd Party Developments, without the consent of the Welsh Ministers.

15.6 Asset Registers

15.6.1 The Chief Executive is responsible for the maintenance of registers of assets, taking account of the advice of the Director of Planning and Director of Finance, concerning the form of any register and the method of updating, and arranging for a physical check of assets against the asset register to be conducted periodically.

15.6.2 The LHB shall maintain an asset register recording fixed assets. The minimum data set to be held within these registers shall be in accordance with the Welsh Ministers' guidance and to satisfy the financial disclosure requirements for the Annual Accounts.

15.6.3 Additions to the fixed asset register must be clearly identified to the operational or departmental manager or delegated budget holder and be validated by reference to appropriate documentation to provide evidence of the financial value recorded, including:

- a) Properly authorised and approved agreements, architect's certificates, supplier's invoices and other documentary evidence in respect of purchases from third parties;
- b) Stores, requisitions and wages records for own materials and labour including appropriate overheads; and
- c) Lease agreements in respect of assets held under a finance lease and included on the LHB's balance sheet.

15.6.4 Where capital assets are sold, scrapped, lost or otherwise disposed of, their value must be removed from the accounting records and each disposal must be validated by reference to authorisation documents and invoices (where appropriate). Disposal receipts are to be treated in accordance with the Welsh Ministers' guidance and clearly set out in the over-arching business case.

15.6.5 The Director of Finance shall apply accounting policies for fixed assets in line with Welsh Government guidance and accounting standards and values recorded in the asset register, including depreciation and revaluations. The Director of Finance shall approve procedures for reconciling balances on fixed assets accounts in general ledgers against balances on fixed asset registers.

15.6.6 The value of each asset, and depreciation, shall be considered annually in accordance with valuation guidance and methods specified by the Welsh Ministers. Assets should be considered for early revaluation where there is the likelihood of impairment as a result in a change of valuation or asset life.

15.7 Security of Assets

15.7.1 The overall control of fixed assets is the responsibility of the Chief Executive.

15.7.2 Asset control procedures (including fixed assets, cash, cheques and negotiable instruments, and also including donated assets) must be approved by the Director of Finance. This procedure shall make provision for:

- a) Recording managerial responsibility for each asset;
- b) Identification of additions and disposals;
- c) Identification of all repairs and maintenance expenses;
- d) Physical security of assets;
- e) Regular verification of the existence of, condition of, and title to, assets recorded;
- f) Identification and reporting of all costs associated with the retention of an asset; and
- g) Reporting, recording and safekeeping of cash, cheques, and negotiable instruments.

15.7.3 All discrepancies revealed by verification of physical assets to fixed asset register shall be notified to the Director of Planning and Director of Finance.

15.7.4 Whilst individual officers have a responsibility for the security of property of the LHB, it is the responsibility of Board members and senior LHB officers in all disciplines to apply such appropriate routine security practices in relation to NHS property as may be determined by the Board. Any breach of agreed security practices must be reported in accordance with agreed procedures.

15.7.5 Any damage to the LHB's premises, vehicles and equipment, or any loss of equipment, stores or supplies must be reported by Board members and LHB officers in accordance with the procedure for reporting losses.

15.7.6 Where practical, assets should be marked as LHB property.

16. STORES AND RECEIPT OF GOODS

16.1 General position

16.1.1 Stores, defined in terms of controlled stores and departmental stores (for immediate use) should be:

- a) Kept to a minimum;
- b) Subjected to annual stock take; and
- c) Valued at the lower of cost and net realisable value.

16.2 Control of Stores, Stocktaking, condemnations and disposal

16.2.1 Subject to the responsibility of the Director of Finance for the systems of financial control, overall responsibility for the control of stores shall be delegated to a senior officer by the Chief Executive. The day-to-day responsibility may be delegated by them to departmental officers/managers and stores managers/keepers, subject to such delegation being entered in a record available to the Director of Finance. The control of any Pharmaceutical stocks shall be the responsibility of a designated Pharmaceutical Manager; the control of any fuel oil and coal of a designated estates manager.

16.2.2 The responsibility for security arrangements and the custody of keys for any stores and locations shall be clearly defined in writing by the designated manager/Pharmaceutical Manager. Wherever practicable, stocks should be marked as health service property.

16.2.3 The Director of Finance is responsible for developing financial control systems and procedures for the regulation and operation of the stores, to include the accounting arrangements for receipt, issues, and returns of goods to stores, and losses.

16.2.4 Stocktaking arrangements shall be agreed with the Director of Finance and there shall be a physical check covering all items in store at least once a year.

16.2.5 Where a complete system of controlled stores is not justified, alternative stores arrangements shall require the approval of the Director of Finance.

16.2.6 The designated officer/manager shall be responsible for a system approved by the Director of Finance for a review of slow moving and obsolete items and for condemnation, disposal, and replacement of all unserviceable articles. The designated officer/manager shall report to the Director of Finance any evidence of significant overstocking and of any negligence or malpractice (see also overlap with SFI 17, Disposals

and Condemnations, Losses and Special Payments). Procedures for the disposal of obsolete stock shall follow the procedures set out for disposal of all surplus and obsolete goods.

16.3 Goods supplied by an NHS supplies agency

- 16.3.1 For goods supplied via NHS Wales Shared Services Partnership – Procurement Services (NWSSP-PS) or any other NHS purchasing and supplies agency central warehouses, the Chief Executive shall identify those authorised to requisition and accept goods from the store. The authorised person shall check receipt against the delivery note before forwarding this to the Director of Finance or authorised officer who shall satisfy himself that the goods have been received before accepting the recharge.

17. DISPOSALS AND CONDEMNATIONS, LOSSES AND SPECIAL PAYMENTS

17.1 Disposals and Condemnations

17.1.1 The Director of Finance must prepare detailed procedures for the disposal of assets and goods, including condemnations, and ensure that these are notified to managers.

17.1.2 When it is decided to dispose of a LHB asset and goods, the head of department or authorised deputy will determine and advise the Director of Finance of the estimated market value of the item, taking account of professional advice where appropriate.

17.1.3 All unserviceable assets and goods shall be:

- a) Condemned or otherwise disposed of by an officer, the Condemning Officer, authorised for that purpose by the Director of Finance;
- b) Recorded by the Condemning Officer in a form approved by the Director of Finance which will indicate whether the assets and goods are to be converted, destroyed or otherwise disposed of. All entries shall be confirmed by the countersignature of a second officer authorised for the purpose by the Director of Finance.

17.1.4 The Condemning Officer shall satisfy themselves as to whether or not there is evidence of negligence in use and shall report any such evidence to the Director of Finance who will take the appropriate action.

17.2 Losses and Special Payments

17.2.1 Losses and special payments are items that the Welsh Government would not have contemplated when it agreed funds for NHS Wales or passed legislation. By their nature they are items that ideally should not arise. They are therefore subject to special control procedures compared with the generality of payments, and special notation in the accounts to draw them to the attention of the Welsh Government.

17.2.2 The Director of Finance is responsible for ensuring procedural instructions on the recording of and accounting for losses and special payments are in place; and that all losses or special payments cases are properly managed in accordance with the guidance set out in the Welsh Government's Manual for Accounts.

17.2.3 Any officer discovering or suspecting a loss of any kind must either

immediately inform their head of department, who must immediately inform the Chief Executive and/or the Director of Finance or inform an officer charged with responsibility for responding to concerns involving loss. This officer will then appropriately inform the Director of Finance and/or the Chief Executive.

17.2.4 Where a criminal offence is suspected, the Director of Finance must immediately inform the police if theft or arson is involved. In cases of fraud and corruption or of anomalies which may indicate fraud or corruption, the Director of Finance must inform the Local Counter Fraud Specialist (LCFS) and the CFS Wales Team in accordance with Directions issued by the Welsh Ministers on fraud and corruption.

17.2.5 The Director of Finance or the LCFS must notify the Audit Committee, the Auditor General's representative and the fraud liaison officer within the Welsh Government's Health and Social Services Group Finance Directorate of all frauds.

17.2.6 For losses apparently caused by theft, arson, neglect of duty or gross carelessness, except if trivial, the Director of Finance must notify:

- a) The Audit Committee on behalf of the Board, and
- b) An Auditor General's representative.

17.2.7 The Director of Finance shall be authorised to take any necessary steps to safeguard the LHB's interests in bankruptcies and company liquidations.

17.2.8 The Director of Finance shall ensure all financial aspects of losses and special payments cases are properly registered and maintained on the centralised Losses and Special Payments Register and that 'case write-off' action is recorded on the system (i.e. case closure date, case status, etc.).

17.2.9 The Audit Committee shall approve the writing-off of losses or the making of special payments within delegated limits determined by the Welsh Ministers and as set out by Welsh Government in its Losses and Special Payments guidance as detailed in Schedule 3 of the SOs.

17.2.10 For any loss or special payments, the Director of Finance should consider whether any insurance claim could be made from the Welsh Risk Pool or from other commercial insurance arrangements.

17.2.11 No losses or special payments exceeding delegated limits shall be authorised or made without the prior approval of the Health and Social Services Group Director of Finance.

- 17.2.12 All novel, contentious and repercussive cases must be referred to the Welsh Government's Health and Social Services Group Finance Directorate, irrespective of the delegated limit.
- 17.2.13 The Director of Finance shall ensure all losses and special payments are reported to the Audit Committee at every meeting.
- 17.2.14 The LHB must obtain the Health and Social Services Group Director General's approval for special severance payments.

18. DIGITAL, DATA and TECHNOLOGY

18.1 Digital Data and Technology Strategy

18.1.1 The Board shall approve a Digital Data and Technology Strategy which sets out the development needs of the LHB for the medium term based on an appropriate assessment of risk. The Integrated Medium Term Plan shall include costed implementation plans of the strategy. The Board shall also ensure that a Director has responsibility for Digital Data and Technology.

18.1.2 The LHB shall publish and maintain a Freedom of Information (FOI) Publication Scheme, or adopt a model Publication Scheme approved by the Information Commissioner. A Publication Scheme is a complete guide to the information routinely published by a public authority. It describes the classes or types of information about the LHB that are made publicly available.

18.2 Responsibilities and duties of the responsible Director

18.2.1 The responsible Director for Digital Data and Technology has responsibility for the accuracy, availability and security of the LHB digital systems and data and shall:

- a) Devise and implement any necessary procedures to ensure adequate (reasonable) protection and availability of the LHB's digital systems and data, for which they are responsible from accidental or intentional disclosure to unauthorised persons, deletion or modification, theft or damage, having due regard for the Network and Information Systems Regulations 2018, the UK General Data Protection Legislation and any relevant domestic law considerations via the Data Protection Act 2018;
- b) Ensure that, following risk assessment of threats, adequate (reasonable) controls exist over access to systems, data entry, processing, storage, transmission and output to ensure security, privacy, accuracy, completeness, and timeliness of the data, as well as the efficient and effective operation of the system;
- c) Ensure that an adequate management (audit) trail is maintained of access to digital systems and data and that such audit reviews as the Director may consider necessary to meet the organisational requirements under the Network and Information System Regulations 2018 are being carried out;

- d) Shall ensure that policies, procedures and training arrangements are in place to ensure compliance with information governance law and the Network and Information System Regulations 2018; and
- e) Shall ensure comprehensive incident reporting.

18.3 Responsibilities and duties of the Director of Finance

18.3.1 The Director of Finance shall need to ensure that new financial data and systems, and amendments to current financial data and systems, are developed in a controlled manner and thoroughly tested prior to implementation and business as usual phases. Where this is undertaken by another organisation, assurances of adequacy must be obtained from them prior to implementation and business as usual phases.

18.4 Contracts for data and digital services with other health bodies or outside agencies

18.4.1 The responsible Director for Digital Data and Technology shall ensure that contracts for data and digital services for clinical, management and financial applications with another health organisation or any other agency shall clearly define the responsibility of all parties for

- the security, privacy, accuracy, completeness, and timeliness of data during processing, transmission and storage, and
- the availability of the service including the resilience required to maintain continuity of the service.

The contract should also ensure rights of access for audit purposes.

18.4.2 Where another health organisation or any other agency provides a data or digital service for clinical, management and financial applications, the responsible Director for Digital Data and Technology shall, to maintain the confidentiality, integrity and availability of the service provided, periodically seek assurances that adequate controls, based on risk assessment, are in operation.

18.5 Risk assurance

18.5.1 The responsible Director for Digital Data and Technology shall ensure that the risks to the LHB arising from the use of data, information and digital are effectively identified and considered and that appropriate action is taken to mitigate or control risk. This shall include the preparation and testing of appropriate resilience plans, including both a business continuity and disaster recovery plan.

19. PATIENTS' PROPERTY

19.1 LHB Responsibility

- 19.1.1 The LHB has a responsibility to provide safe custody for money and other personal property (hereafter referred to as "property") handed in by patients, in the possession of patients that lack capacity, or found in the possession of patients dead on arrival.
- 19.1.2 Where the Welsh Ministers' instructions require the opening of separate accounts for patient monies, these shall be opened and operated under arrangements agreed by the Director of Finance.
- 19.1.3 In all cases where property, including cash and valuables, of a deceased patient is of a total value in excess of £5,000 (or such other amount as may be prescribed by any amendment to the Administration of Estates (Small Payments) Act 1965 (c. 32)), the production of Probate or Letters of Administration shall be required before any of the property is released. Where the total value of property is £5,000 or less, forms of indemnity shall be obtained.
- 19.1.4 Staff should be informed, on appointment, by the appropriate departmental or senior manager of their responsibilities and duties for the administration of the property of patients.
- 19.1.5 Where patient property or income is received for specific purposes and held for safekeeping the property or income shall be used only for that purpose, unless any variation is approved by the donor or patient in writing.

19.2 Responsibilities of the Chief Executive

- 19.2.1 The Chief Executive is responsible for ensuring that patients or their guardians, as appropriate, are informed before or at admission, that the Health Board will not accept responsibility or liability for patient property brought onto health service premises, unless it is handed in for safe custody and a copy of an official patient property record is retained as a receipt, by:
- a) Notices and information booklets;
 - b) Hospital admission documentation and property records; and
 - c) The oral advice of administrative and nursing staff responsible for admissions.

19.3 Responsibilities of the Director of Finance

- 19.3.1 The Director of Finance must provide detailed written instructions on the collection, custody, investment, recording, safekeeping, and disposal of patient property (including instructions on the disposal of the property of deceased patients and of patients transferred to other premises) for all staff whose duty is to administer, in any way, the property of patients. Due care should be exercised in the management of a patient's money in order to maximise the benefits to the patient.

20. FUNDS HELD ON TRUST (CHARITABLE FUNDS)

20.1 Corporate Trustee

20.1.1 Paragraph (x) of Section A to the SOs refers to the LHB having specified powers to act as corporate trustee for the management of funds it holds on trust (charitable funds). SFI 20.2 defines the need for compliance with Charities Commission latest guidance and best practice.

20.1.2 The discharge of the LHB's corporate trustee responsibilities for funds held on trust are distinct from its responsibilities for exchequer funds and may not necessarily be discharged in the same manner, but there must still be adherence to the overriding general principles of financial regularity, prudence and propriety. Trustee responsibilities cover both charitable and non-charitable purposes.

20.1.3 The LHB shall establish a Charitable Funds Committee as set out in Standing Order 3.4 to ensure that each fund held on trust which the LHB is responsible for managing is managed appropriately with regard to its purpose and to its requirements.

20.2 Accountability to Charity Commission and the Welsh Ministers

20.2.1 The trustee responsibilities must be discharged separately and full recognition given to the LHB's dual accountabilities to the Charity Commission for charitable funds and to the Welsh Ministers for exchequer funds.

20.2.2 The Schedule of Matters Reserved to the Board and the Scheme of Delegation make clear where decisions regarding the exercise of discretion regarding the disposal and use of the funds are to be taken and by whom. All Board members and LHB officers must take account of that guidance before taking action.

20.2.3 The LHB shall make appropriate arrangements for the Annual Accounts and audit of Funds held on Trust in accordance with Charity Commission requirements.

20.3 Applicability of Standing Financial Instructions to funds held on Trust

20.3.1 In so far as it is possible to do so, most of the sections of these SFIs will apply to the management of funds held on trust.

20.3.2 The over-riding principle is that the integrity of each Trust must be maintained and statutory and Trust obligations met. Materiality must be assessed separately from Exchequer activities and funds.

21. RETENTION OF RECORDS

21.1 Responsibilities of the Chief Executive

21.1.1 The Chief Executive shall be responsible for maintaining archives for all records required to be retained in accordance with the Welsh Ministers' guidance, the UK General Data Protection Legislation and any relevant domestic law considerations via the Data Protection Act 2018, and the Freedom of Information Act 2000 (c. 36).

21.1.2 The records held in archives shall be capable of retrieval by authorised persons.

21.1.3 Records held shall only be destroyed in accordance with the applicable data protection laws and at the express instigation of the Chief Executive. Details shall be maintained of records so destroyed.

RE: PROCESSES FOR LOCAL HEALTH BOARDS AND NHS TRUSTS CONTRACTS, AND INTERESTS IN PROPERTY EXCEEDING £0.5M

Paragraph 13(3) of Schedule 2 to the National Health Service (Wales) Act 2006 places a requirement on Local Health Boards (LHBs) to obtain the consent of Welsh Ministers before:

- Acquiring and disposing of property;
- Entering into contracts; and
- Accepting gifts of property (including property to be held on trust).

LHBs and HEIW

Contract approvals over £1m for individual schemes will be sought as part of the normal business case submission process where funding from the NHS Capital Programme is required. For schemes funded via discretionary allocations, a request for approval will need to be submitted to Chief Executive NHS Wales, copying in the Deputy Director of Capital, Estates & Facilities Division.

Detailed arrangements in respect of approval process linked to the acquisition and disposal of leases, where consent does not form part of the business case process will be included in a Welsh Health Circular WHC(2015)031. Organisations should ensure that the monitoring arrangements and the requisite forms and returns are included as part of their own assurance arrangements.

NHS Trusts

Whilst formal Ministerial consent is not required for Trusts as detailed above, general consent arrangements are still applicable in terms of relevant transactions. Detailed requirements in terms of appropriate notifications were sent in the Welsh Health Circular referenced above.

Guidance on disposals is contained in Section 11

WHC (2015) 031 issued 22 June 2015 clarified the approval process linked to the acquisition or disposal of a lease, where approval does not form part of a business case process. A lease being a property right requires the consent of the Welsh Ministers in accordance with paragraph 13(2) (a). The WHC set out for NHS Trusts and LHBs a notification and consent process mirroring the contract processes noted below.

Entering into contracts

Guidance was issued to NHS Wales bodies on 27th January 2017 in a letter to Directors of Finance issued jointly by the Deputy Directors of Finance and Capital Estates and Facilities. This letter now updates that guidance to reconfirm to all NHS Wales bodies that the authorisation and consideration of notified contracts and applications for the acquisitions or disposals of a lease or any interest in property are delegated to the Director General, Health and Social Services Group.

The Director General may, as with any other matter relating to the operation of the NHS in Wales, brief the Minister for Health and Social Services on any arrangement of particular policy note, or with a novel, contentious or innovative nature.

Accordingly any issues relevant to the exercise of the Minister for Health and Social Service's consent will, as a matter of course, be drawn to his attention.

The process which NHS Wales bodies entering into contracts must follow is:

- All NHS contracts (unless exempt) >£1m in total to be notified to the Director General HSSG prior to tendering for the contract;

- All eligible LHB and HEIW contracts >£1m in total to be submitted to the Director General HSSG for consent prior to award;
- All eligible NHS Trust contracts >£1m in total to be submitted to the Director General HSSG for notification prior to award; and
- All eligible NHS contracts >£0.5m in total to be submitted to the Director General HSSG for notification prior to award.

The requirement for consent does not apply to any contracts entered into pursuant to a specific statutory power, and therefore does not apply to:

- (i) Contracts of employment between LHBs and their staff;
- (ii) Transfers of land or contracts effected by Statutory Instrument following the creation of LHBs;
- (iii) Out of Hours contracts; and
- (iv) All NHS contracts; that is where one health services body contracts with another health service body.

Contracts entered into by HEIW for services which are the consequences of annual commissioning approved by the Minister e.g. annual education and training commissioning do not require further Ministerial notification or consent.

For non- capital contracts requiring DG approval, the request for approval or notification should be sent to Rob Eveleigh in the Financial Control and Governance team : Robert.Eveleigh@gov.wales

Chief Executives of Local Health Boards and NHS Trusts

Dear All

ADDENDUM TO STANDING FINANCIAL INSTRUCTIONS

**PROCEDURES FOR CONSENT FOR LOCAL HEALTH BOARDS TO ENTER INTO
CONTRACTS EXCEEDING £1 MILLION**

Some confusion has arisen in relation to the procedures for the consent to enter contracts over £ 1 million. The latest version of the Standing Financial Instructions issued in April 2021 state in paragraph 11.6.2 :

General Consent has been granted to LHBs by the Welsh Ministers for individual contracts up to the value of £1 million in each case with the exception of those contracts specified in SFI 11.6.4 All contracts exceeding this delegated limit, all acquisitions and disposals of land of any limit, and the acceptance of gifts of property, must receive the written approval of the Welsh Ministers before being into. In addition, Health Board's must provide a contract summary to Welsh Government for contracts between £500,000 and £1 million prior to the contract being entered let. This requirement also applies to contracts that are to be let through a mini-competition under a public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services. The use of suitable Welsh frameworks where access is permissible shall take precedence over frameworks led by Public Sector Bodies outside of Wales. Further detailed guidance is incorporated within the Procurement Procedures.

Paragraph 11.6.4 states that the exceptions mentioned above are as follows :

The requirement for consent does not apply to any contracts entered into pursuant to a specific statutory power, and/or Welsh Ministers direction, and therefore does not apply to:

i) Contracts of employment between LHBs and their staff;

- ii) Transfers of land or contracts effected by Statutory Instrument Model Standing Orders, Reservation and Delegation of Powers for LHBs Schedule 2.1: Standing Financial Instructions Status: Update – March 2021;
- iii) Out of Hours contracts;
- iv) All NHS contracts, that is where one health service body contracts with another health service body.

To ensure consistency with guidance issued to NWSSP Procurement Services, further exceptions highlighted below should be applied;

v) Contracts over £ 500k - £1 million (for noting) and £ 1 million + (for approval);

- i) **Wales Public Sector Framework Agreements e.g. Frameworks established by National Procurement Services (NPS) or NWSSSP (not exhaustive) - no further approval required to award contracts under these Frameworks through a direct award or mini competition.**
- ii) **Third Party Public Sector Framework Agreements e.g. Frameworks established by Crown Commercial Services, NHS Supply Chain (not exhaustive) – no further approval required to award contracts under these Frameworks through a direct award. Approval will however be required for award of contracts under these Framework Agreements through mini-competition or where the specification of the product/service required is modified from that stated within the Framework Agreement.**

All Health Boards in Wales and Special Health Authorities bodies should apply these exceptions from the date of this letter.

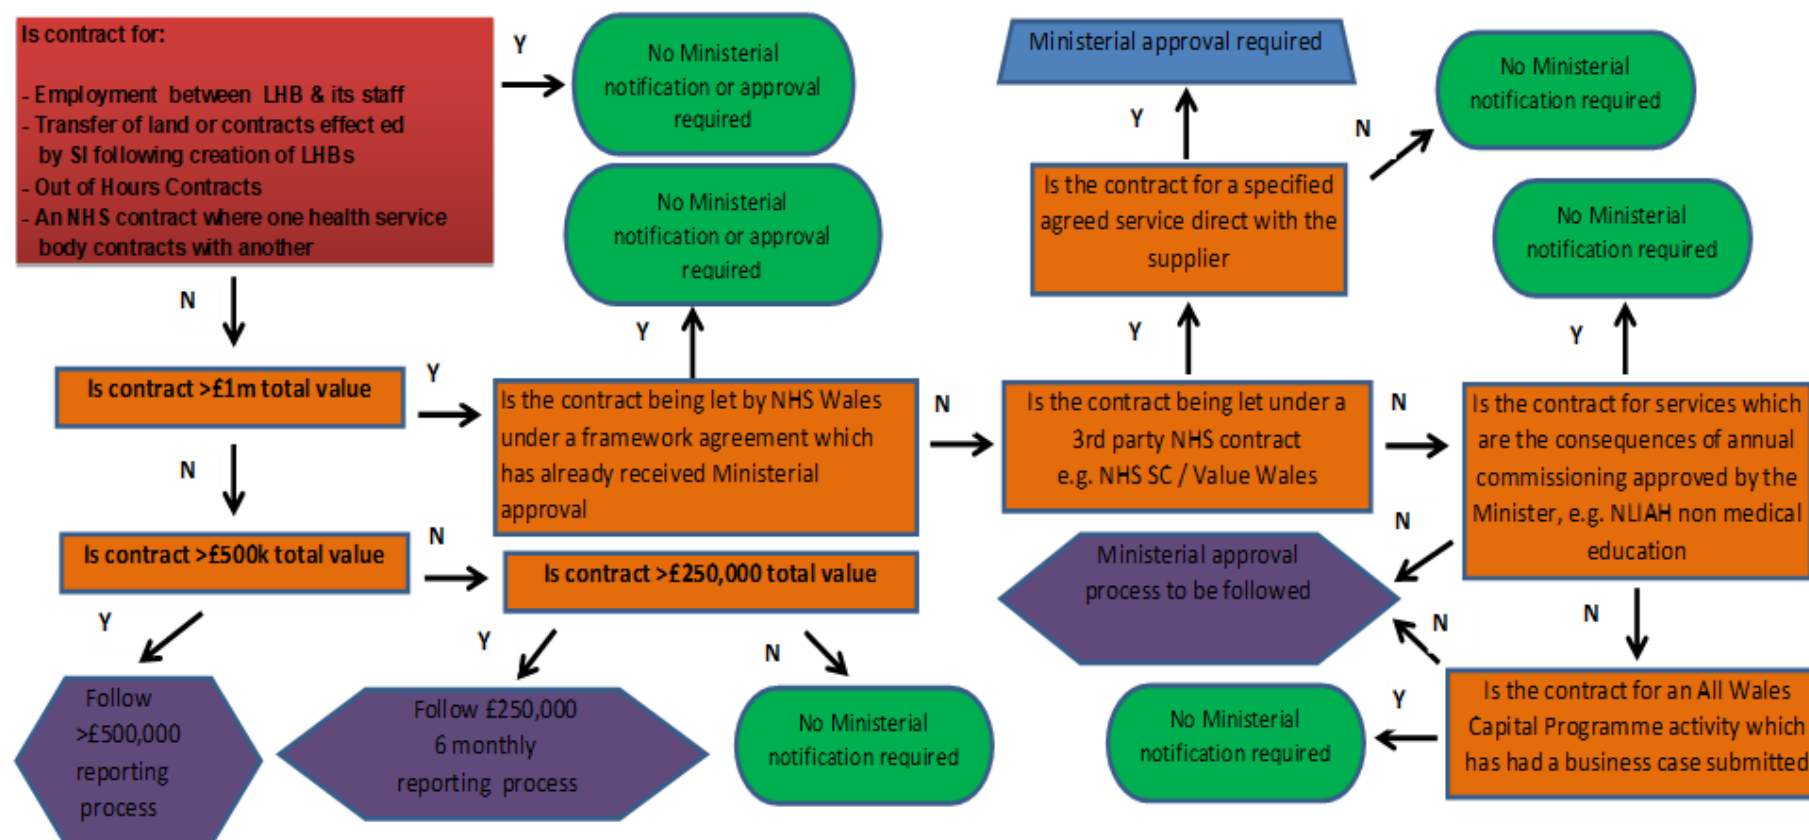

The revision introduced in point v) above will be included formally in the next version of the Standing Financial Instructions.

Yours sincerely

Steve Elliot
