2.1 The risk updates for this period has been impacted by the implementation of the new Care Group Model. The Executive Leadership Group supported "Guiding Principles: Quality Governance & Accountability during the Operating Model Transition" where the following transitional arrangements have been agreed:

The Assistant Director of Governance & Risk, along with the Chief Operating Officer and/or Deputy Chief Operating Officers, has started to meet with Care Groups during October and November to review risks in terms of alignment to the new Care Group Model. The Organisational Risk Register will continue to be updated to reflect the changes being made as a result of this activity.
