Review of procedures for the management of claims,
redress cases and coronial investigations at
Cwm Taf Morgannwg University Health Board
FINAL REPORT

Dear George

Thank you for requesting the Welsh Risk Pool to undertake a review of the legal services function within the Health Board.

I am delighted to enclose the final report, which takes into account the feedback and queries following publication of the draft report.

On behalf of the review team, I would like to pass the thanks of the Welsh Risk Pool onto all Health Board staff involved in the review – everyone made the review team feel welcome and indicated their desire towards continued improvement.

We have previously spoken about myself, with some of the review team, participating in a Board meeting or Quality & Safety Committee meeting, or both. If you wish to pursue this, please contact me directly and we will coordinate dates.

I hope that the report delivers what you require.

Yours sincerely,

Jonathan Webb
