

Bridgend County Care & Repair

Helping Hands Service

In response to the Coronavirus outbreak we are offering an essential delivery and collection service.

Care and Repair Officers will be at hand to support older people who are self isolating or who are vulnerable and require necessary items to help them through this challenging time.

This can include *food shopping*, *picking up prescriptions* or *practical support* to ensure older people in our communities stay safe and well.

If you know an older person who is in need of support please contact Bridgend County Care and Repair on

Tel. 01656 646755
