

Helping children, young people and families find the right support at the right time

### What is CTM Connect?

CTM Connect is a multi-agency network that brings together professionals from different services to support children and young people with emotional wellbeing needs across the Cwm Taf Morgannwg region. Sometimes it can be difficult to know what support is needed or which service is best placed to help. CTM Connect provides a single point of access where professionals and families can seek advice, guidance and support.

### Who can CTM Connect help?

- Children and young people experiencing emotional wellbeing challenges.
  - Children whose needs are emerging or unclear
  - Families who are unsure where to turn for support
  - Situations where several services may be involved
- Professionals seeking advice or guidance about the most appropriate support pathway

### How can CTM Connect help?

- Provide advice and guidance
- Help identify the most appropriate service or support
- Bring professionals together to discuss a child's needs
  - Improve communication between services
  - Support early intervention and prevention
  - Help reduce barriers to accessing support

### What happens after a referral?

Referral Received → Information Reviewed → Multi-Agency Discussion → Recommendations Agreed → Feedback Provided → Right Support at the Right Time

## Who sits on the panel?

CTM Connect brings together professionals from a range of organisations and services, including:

 CAMHS

 Education

 Educational Psychology

 School Nursing

 Social Care

 Family Support Services

 Early Help Services

 Third Sector Organisations

 Local Authority

The services involved may vary depending on the individual needs of each child or young person.

## Our Approach

At CTM Connect, we believe every child deserves to feel heard, understood, supported, valued and connected. We work in a compassionate, collaborative and child-centered way.

## Making a Referral

Referrals can be made by parents, carers, schools, health professionals, social care teams and partner agencies.
