

Help shape the future of Health and Wellbeing Services in Maesteg and the Llynfi Valley

We are inviting people across Maesteg and the Llynfi Valley to share their views on the future of local health and wellbeing services. Through our survey and community engagement activities, you can help:

- shape plans for a proposed new Health and Wellbeing Centre at Ewenny Road, subject to future Welsh Government funding approval;
- contribute ideas for the future use of the Maesteg Community Hospital site.

We want to hear **what matters most to you, your family and your community**, including your priorities, ideas and concerns for local services over the next five to ten years.

Join us at a community engagement event
