## KEY MESSAGES

- **Quitting smoking** is the best thing that a pregnant person can do for their health and the health of their baby.
- Help Me Quit for Baby is a **flexible** and **non-judgemental** stop smoking service delivered by **trained** Maternity Support Workers.
- Help is available for pregnant people who smoke at **any time** during or after their pregnancy.

## YOUR ROLE

1. All pregnant people should have their Carbon Monoxide (CO) levels monitored at every antenatal appointment, DAU, EPU or labour admission.
2. Smoking status should be recorded at every contact in the maternity notes. During or after their pregnancy.
3. Talk to pregnant people about the risks of smoking and benefits of quitting:

### BENEFITS OF QUITTING

#### IMMEDIATE BENEFITS FOR BABY

**BABY GETS THE NUTRIENTS IT NEEDS TO GROW AND DEVELOP**

**MORE LIKELY TO HAVE A HEALTHIER PREGNANCY AND A HEALTHIER BABY**

**REDUCED RISK OF STILLBIRTH AND SUDDEN INFANT DEATH SYNDROME (COT DEATH)**

**LESS LIKELY TO HAVE A PREMATURE BIRTH**

**MORE LIKELY TO HAVE A HEALTHY BIRTH WEIGHT AND FULLY DEVELOPED BABY**

**LOWER RISK OF ADHD**

**SAVING MONEY**

4. Talk to the pregnant person about the Help Me Quit for Baby service. Give them the leaflet and direct them to the website.
5. Refer the pregnant person to Help Me Quit for Baby by e-mailing:  
**CTM\_MAMSS\_REFERRALS@WALES.NHS.UK**
6. Ask about smoking at future appointments and re-refer to Help Me Quit for Baby if needed. Record all discussions about smoking in the maternity notes.

If you have any questions about the service, please contact Public Health Specialist Midwife Sharon Webber (Sharon.webber@wales.nhs.uk – 07468 707646).
