

Questions

How?

Make a 'claw' shape with your hands (thumbs pointing upwards) and knock knuckles together twice

What?

Index finger points upwards (palm facing away from you) and moves from side to side

When?

Flutter fingertips against cheek

Where?

Lie hands out flat with palms facing upwards and move them round to form circle shapes

Which?

Form a fist with thumb and little finger sticking out, then move hand from side to side

Who?

Index finger points upwards (palm facing towards you) and forms a small circle shape

Why?

Form a fist with index finger sticking out on one hand, then place this hand on the opposite shoulder
