

Freedom of Information Request: Our Reference CTHB_79_16

You asked:

I'm getting in touch today to enquire when the next review dates are for the following classes of drugs within the Cwm Taf Health Board Formulary? To make clear, I do not need previous review dates for these classes of drugs.

- SGLT-inhibitors
- DPP4-inhibitors
- GLP-1 agonists

Our response:

As confirmed in the previous response to you (42_16) we do not have set review dates for the above classes of drugs. Our previous response explains that this is mainly because different sections of the Health Board's Formulary are reviewed, either during times where requests are made to add new drugs or following publication of new national guidance such as NICE guidance, MHRA safety alerts etc.
