

Freedom of Information Request: Our Reference CTHB_81_16

You asked:

I would like to request the past meeting minutes of the Cwm Taf UHB Medicines Management group that makes decisions related to the formulary. I am looking to gather information on when various formulary related decisions were made. I was not able to find this on the website. I am not sure how many years you hold this information for, but it would be good if you can send it at least from 2011 please. Can you please provide copies of these meeting minutes?

Our response:

The Cwm Taf formulary came into effect July 2013 prior to that date we came under the Bro Taf formulary.

I can confirm that we do not record the formulary decisions in our minutes however; they are recorded in a separate report. Please find attached copies of these reports from July 2013 – April 2016.
