

## **Freedom of Information Request: Our Reference CTHB\_114\_16**

### **You asked:**

I request the following:

The number of serious incidents (SIs) recorded by the Trust for the reporting period 2015-2016. The data should be provided so that it is clear how many of these incidents were recorded at each of the establishments (hospitals or other medical establishments) operated by the Trust.

If you are unable to establish how many SIs were recorded at each of the establishments (hospitals or other medical establishments) under the control of the Trust for one of multiple of the above periods, please provide the total figure for the Trust as a whole.

If you have a total figure for SIs recorded by the Trust and are able to establish the totals recorded by some (but not all) of the establishments (hospitals or other medical establishments) operated by the Trust, please provide what information you have in this regard.

### **Our response:**

I can confirm that the Health Board does not differentiate between a serious incident (SI) and a serious untoward incident (SUI).

Therefore, our previous response to you (CTUHB 88\_16) contains the information you have requested relating to serious incidents.
