

Freedom of Information Request: Our Reference CTHB_312_17

You asked:

For the last five financial years, please tell me the number of patients treated in each calendar month that had been waiting more than 18 months, 24 months, and 36 months from referral (the referral to treatment time).

If time permits, please also contextualise by surgery type (e.g. general surgery, maxillo facial surgery, and urology).

Our response:

Please see attached the validated Referral to Treatment (RTT) Welsh Government waiting times data.

Also note, the RTT submission is based in weekly time bands rather than months.
