

**Freedom of Information Request: Our Reference CTHB\_195\_18**

**You asked:**

**What is currently the average length of time a resident has to wait on the NHS dental waiting list in the Health Board area, before he can be successfully registered with an NHS dentist?**

**Our response:**

The Health Board does not keep a waiting list for patients wishing to access NHS dental treatment from a general dental practice. Currently there are 25 dental practices in the Cwm Taf area accepting new NHS patients. This information is available on the Health Board's [website](#).
