

## **Freedom of Information Request: Our Reference CTHB\_391\_18**

### **You asked:**

I have attached a list of the available tests and biomarkers for haematological cancers, but it would be incredibly helpful if you could let me know which are available at which hospital throughout Cwm Taf Health Board.

### **Our response:**

The following tests are available at both Prince Charles Hospital and Royal Glamorgan Hospital, however they only analysed at the Prince Charles Hospital laboratory.

- LDH
- Beta 2 microglobulin
- Serum protein electrophoresis
- Serum-free light-chain assay
- Serum immunofixation
- Quantitative immunoglobulins
- Bence-Jones Protein Urinalysis Test
- Ki67
- P53
- BCL2
- PD-1/PD-L1
- CD117
