

Freedom of Information Request: Our Reference CTHB_62_19

You asked:

1. What air flow systems are being used in the theatres within your trust's hospitals during surgery? (Brand and type)
2. Do any of the hospitals within your trust use laminar air flow systems during surgery?
3. Please can you specify which hospitals use which systems?

Our response:

Please see response provided in the table below:

Hospital	Air Flow System	Brand/Type
Prince Charles Hospital	Conventional Air Handling Units (AHU's)	Coleman Moducel
	2 Ultra Clean Ventilation (UCV)	One manufactured by Howarth and the other by MAT
Royal Glamorgan Hospital	Conventional Air Handling Units (AHU's)	Coleman Moducel
	3 laminar air flow systems	Two manufactured by Howarth and one by Admeco (Swiss made)
