

Freedom of Information Request: Our Reference CTHB_71_19

You asked:

- 1. I would be very grateful if you could supply me with the number of live births at your consultant-led maternity units at Prince Charles Hospital, Merthyr Tydfil and Royal Glamorgan Hospital for 2014, 2016, 2017 and 2018.**

Please see response provided in the table below:

January - December	Number of live births
2014	3729
2015	3490
2016	3447
2017	3357
2018	3236

- 2. Does each of the units have training accreditation? If not, when did it/they lose this status?**

Both Prince Charles Hospital and Royal Glamorgan have training doctors and accreditation.

- 3. What permutation of consultants/middle grades/junior doctors was used during 2018?**

Prince Charles: 6.5 Consultants, 8 Middle grades, 5 junior doctors
Royal Glamorgan: 7.1 Consultants, 8 middle grades, 5 junior doctors

- 4. How many obs/gynae consultants does each unit currently employ (March 2019)?**

Prince Charles currently employs 6.5 whole time equivalent Consultants for Obs/Gynae.

Royal Glamorgan currently employs 6.1 whole time equivalents for Obs/Gynae, including a locum consultant. There is currently 1 vacancy.

With the service change from 8th March the service will be employing 2 additional Consultants.

- 5. Are consultant/middle grade hybrid rotas currently used (March 2019)?**

No.
