

## Freedom of Information Request: Our Reference CTHB\_74\_19

### You asked:

#### 1. In 2017/18 how many times did the health board undertake a Waiting List Initiative\*?

In line with the definition provided below, waiting list activity has been identified as activity undertaken on theatre lists which have been scheduled in addition to core activity i.e. elective/day surgery lists started between 1700hrs and 0800hrs or on a weekend. The response does not include core sessions that have been backfilled at additional cost.

I can confirm that 71 Elective/Day Surgery lists occurred between 1 April 2017 and 31 March 2018 and started either between 1700hrs and 0800hrs or on a weekend day.

#### 2. What type of procedure / diagnosis did each initiative cover?

Procedure	Instances
RADIOFREQUENCY ABLATION OF VARICOSE VEIN OF LEG	62
LAPAROSCOPIC CHOLECYSTECTOMY	51

### 3. How much did each initiative cost?

We do not report the cost of individual sessions separately but an indicative cost of staffing a theatre list outside of core hours including surgeon, anaesthetist and nursing time would be approximately £1,700 per list.

### 4. How many of the initiatives involved commissioning a private provider?

There were no waiting list initiative sessions involving a private provider. Private providers were used during the period for outsourced activity only.

### 5. In 2016/17 how many times did the health board undertake a Waiting List Initiative\*?

I can confirm that 112 Lists occurred between 1 April 2016 and 31 March 2017 and started either between 1700hrs and 0800hrs or on a weekend day.

### 6. What type of procedure / diagnosis did each initiative cover?

### **\*Waiting List Initiative, as defined by the Wales Audit Office in 2015:**

*"Waiting list initiatives involve paying NHS staff to work outside their core hours – generally at weekends – to carry out elective activity. They can also involve commissioning elective activity from other private or NHS*

*health providers. This activity has traditionally been classed as 'additional' rather than part of 'core' NHS elective activity.*
