Thank you for your request for information received on 13 March 2019, regarding Midwifery. Please find the response from Cwm Taf University Health Board set out below:

You asked:

You may have heard Jesse Phillips MP lambast the PM recently on the subject of antenatal care. It was a very emotional speech. JP told the house that she had one midwife in her entire constituency (Birmingham Yardley <https://www.birminghammail.co.uk/news/midlands-news/jess-phillips-emotional-appeal-theresa-15889511>).

I am assembling a presentation for Merthyr Tydfil Youth Forum and will be drawing attention to regional inequality in South Wales and the UK more broadly.

How many midwives would be attached to Cwm Taf University Health Board? (allocated across PCH, Dewi Sant and Llantrisant).

Estimate without lingering over numbers full time/part time will be adequate.
