

Freedom of Information Request: Our Reference CTHB_139_19

You asked:

Please note that the data provided below is at 31 March 2019

1. In total, how many patients are waiting for a review outpatient appointment as of 1 April 2019 in your Health Board?

79,435

2. How many patients waiting (as of 1 April 2019) for review outpatient appointments are overdue the review date specified by the requesting clinician (due date) by:

- | | |
|-------------------------------|----------|
| a) More than 6 weeks | - 20,199 |
| b) More than 3 months | - 16,051 |
| c) More than 6 months | - 11,379 |
| d) More than 12 months | - 6,551 |

Although a number of these patients are past their planned review date they will however now have an appointment in the system.
