

## **Freedom of Information Request: Our Reference CTHB\_317\_19**

### **You asked:**

Under the freedom of information please could I request the following information regarding the Health Boards Order Communication System and results reporting solution:

1. What is the name of your Order Communications system?
2. The name of the supplier
3. What is the solution's contract end date?
4. Is the Health Board planning to go out to procurement within the next 6 months for a new order communications and results reporting solution?
5. If the Health Board is planning to go out to procurement, which framework does it plan to use?
6. Which of the following clinical departments within the Health Board currently use an order communications and results reporting solution?
7. Endocrinology
8. Ophthalmology
9. Audiology
10. Urology
11. Dermatology
12. Oncology
13. Pulmonology
14. Which of these departments' systems are currently integrated with the order communications and results reporting solution?
15. Does the Health Board extend their order communications and results reporting services to GP Practices?

### **Our response:**

Currently the only order communication system we have in place is within Pathology. The solution is the [National Welsh Clinical Portal](#) - Test Requesting and Result Reporting (TRRR) and the Pathology system supplier is Intersystems. This is used in primary and secondary care. There are no plans in the foreseeable future to change.
