

Freedom of Information Request: Our Reference CTMUHB_245_20

You asked:

- 1. How many patients were waiting up to 26 weeks, between 26 and 36 weeks and over 36 weeks in the months of February 2020 and June 2020?**

Please see information provided in the table below:

Open Pathways	Feb '20	Jun '20
0-25 Weeks	54891	41148
26-35 Weeks	6538	12690
36-52 Weeks	3093	11457
53-104 Weeks	1212	3072
105+ weeks	12	39

- 2. Of these patients, how many were waiting over 52 weeks and how many were waiting over 104 weeks?**

Please see response to question 1.

- 3. Please provide the average waiting time for the following areas in the months of February 2020 and June 2020 (based on StatsWales treatment categories as provided by Health Boards):**

- **Allied Health Profession Services**
- **Anticoagulant Services**
- **Audiological Medicine**
- **Blood Transfusion**
- **Cardiology**
- **Cardiothoracic Surgery**
- **Cardiothoracic Transplantation**
- **Chemical Pathology**
- **Clinical Cytogenetics and Molecular Genetics**
- **Clinical Genetics**
- **Clinical Immunology and Allergy**
- **Clinical Neurophysiology**
- **Clinical Oncology**
- **Clinical Pharmacology**
- **Clinical Physiology**
- **Colorectal Surgery**
- **Community Medicine**
- **Dental Medicine**
- **Dermatology**
- **Diabetic Medicine**
- **Diagnostic Services**
- **Ear, Nose and Throat**
- **Endocrinology**
- **Gastroenterology**
- **General Medicine**
- **General Pathology**
- **General Surgery**
- **Genito Urinary Medicine**
- **Geriatric Medicine**

- **Gynaecology**
- **Haematology (non clinical)**
- **Haematology (clinical)**
- **Hepatology**
- **Histopathology**
- **Immunopathology**
- **Infectious Diseases**
- **Interventional Radiotherapy**
- **Joint Consultant Clinic**
- **Maxillio Facial & Oral Surgery**
- **Medical Microbiology**
- **Medical Oncology**
- **Medical Ophthalmology**
- **Midwifery**
- **Nephrology**
- **Neurology**
- **Neuropathology**
- **Nuclear Medicine**
- **Nursing**
- **Obstetrics (in patients and day cases only)**
- **Obstetrics – AN (outpatients only)**
- **Obstetrics – PN (outpatients only)**
- **Occupational Medicine**

- **Respiratory Medicine**
- **Restorative Dentistry**
- **Rheumatology**
- **Transient Ischaemic Attack**
- **Trauma and Orthopaedic**
- **Urology**

Please see response provided in the table below:

	Feb '20	Jun '20
Average Wait in Weeks	14.0	24.0

4. The projected times you have calculated to clear backlogs in the following key areas:

- **Oncology / radiology**
- **Cardiovascular treatment**
- **Neurological treatment**

- **Orthopaedic surgery (if available, broken down into types, e.g. hip, knee, and other)**

The Health Board is currently working hard on the restarting of urgent elective surgery including that for cancer care. All waiting lists have been reviewed for such patients and clinically prioritised in regard to need and harm. As such it is not possible to provide a blanket answer to this question as it is determined by for each specific patient based upon their need.
