

Freedom of Information Request: Our Reference CTMUHB_410_20

You asked:

I am trying to gather information regarding the actual deaths within the trust due to Covid 19 from the period of February 2020 to September 2020. I would like the actual number that died, irrefutably, due to COVID-19, and not the usual yearly flu.

You have a duty to deny or confirm this data under the freedom and information act 2000. Thank you

Our response:

There were 361 Cwm Taf Morgannwg University Health Board Resident deaths, between 1 February 2020 and 30 September 2020, where the underlying cause was Covid-19.

This information was sourced from the NWIS Data Warehouse view of ONS Deaths data for Welsh Residents. Please note that there can be a time lag in between a death and the codified reporting of it via the ONS Dataset.
