

Freedom of Information Request: Our Reference CTHB_11_20

You asked:

Do Cwm Taf Health board have any guidance for headscarf wearers in the operating theatre environment?

Our response:

There is an All Wales NHS Dress Code. However, it does not specify headscarf's specifically in the operating theatre environment but does refer to cleanliness and the expectation of a clean headscarf.

Headscarves can be worn in the theatre environment but are then covered with the appropriate disposable theatre hat for protection.
