

Freedom of Information Request: Our Reference CTMUHB_218_20

You asked:

The information requested is, a breakdown by hospital of the number of people attending A&E departments for 'smoke inhalation' injuries and their occupation if recorded as a Police Officer or Police Community Support Officer.

I am looking for statistics that cover the previous five years.

Our response:

There is no record of occupation so we are unable to identify those who are police officers or Police Community Support Officer.

However, please see provided in the table below, the number of people attending A&E departments within the Health Board for 'smoke inhalation' injuries, between 2015 – 2019.

A&E Attendances for Smoke Inhalation: 2015 - 2019	
Year	Attendances
2015	25
2016	35
2017	67
2018	33
2019	40
