

Freedom of Information Request: Our Reference CTMUHB_116_20

You asked:

I would like to request information please on the number of times per month ambulances were diverted from the following hospitals due to problems for example closure, overcrowding, lack of staff:

From Princess of Wales Hospital, Bridgend
From Prince Charles Hospital, Merthyr
From Royal Glamorgan Hospital, Llantrisant

for the past 24 months please?

Our response:

I can confirm that Cwm Taf Morgannwg University Health Board does not routinely capture the information you require. Therefore we are unable to provide.

However to aid and assist, you may wish to contact the Welsh [Ambulance Services](#) NHS Trust. This is because they record the end destination of an ambulance (i.e. where the ambulance handed over the patient to the receiving hospital). This information would not include any data around the original destination or whether that resource was diverted.
