

Freedom of Information Request: Our Reference CTMUHB_153_20

You asked:

Could you please provide me with the following information:

1. Which of the hospitals within your area use capacity management, including demand prediction, products/software for:
 - Emergency Departments;
 - Minor Injuries Units/ Urgent Treatment (or Care) Centres.
2. Which of the hospitals within your area employ consultancies to assist in capacity management, including demand and capacity modelling, for:
 - Emergency Departments
 - Minor Injuries Units/ Urgent Treatment (or Care) Centres.
4. Who the providers of such products are for each hospital;
5. What the capital cost of the product in place in each hospital is;
6. What the annual revenue cost of the product in place in each hospital is.

Our response:

Whilst our informatics department does do some demand and capacity planning work, they use software that was not purchased for the express purpose of doing this work mostly (Database Server and MS Excel) therefore we are unable to apply a cost to them for these questions.
