

Freedom of Information Request: Our Reference CTMUHB_324_20

You asked:

Could you please tell me in all the time the named Head of Nursing in Cwm Taf University Health Board how many complaints investigations did she oversee.

Our response:

We have carried out a search of the DATIX system and have identified 1139 complaints ranging from 2009 to 2017, where the named Head of Nursing was recorded as the investigating officer. However, please note that their level of involvement in these cases would have varied.
