

Freedom of Information Request: Our Reference CTMUHB_335_21

You asked:

- 1. How many people in your hospitals have died from covid-19 (not with coronavirus) from March 2020 to august 2021? And please could you supply the age categories.**

For the date period 01/03/2020 – 17/08/2021. Please see provided in the table below the number of patients that have died in a Cwm Taf Morgannwg hospital (a patient may be from another Health Board area) by age category.

Row Labels	Count of Patient
11-20	3
21-30	8
31-40	30
41-50	65
51-60	216
61-70	433
71-80	938
OVER80	1601
Total	3294

Please note, the source of the data used for this response is the Office of National Statistics (ONS) data Registered Deaths, supplied to us via Digital Health and Care Wales (DHCW) formerly the NHS Wales Informatics Service (NWIS). As such, there will be a time lag on the reporting of deaths, as ONS data awaits the official clinical determination of death.

- 2. How many people have died from December 8th 2020 to August 1st that have been vaccinated with the covid vaccine? Please could you include whether they have received one or two vaccinations and the ages of those that have died?**

For the Date Period 08/12/2020 - 31/07/2021. Please see provided in the table below the number of people vaccinated with the Covid-19 vaccine but have died from any cause of death, by age category.

Age	First Dose	Second Dose
11-20	1	0
21-30	3	3
31-40	8	3
41-50	20	12
51-60	67	49
61-70	131	111
71-80	205	253
Over80	414	526

(Data source - vaccination records)

3. How many children under the age of 18 have died from covid 19 since March 2020?

For the date Period 01/03/2020 – 17/08/2021, no Cwm Taf Morgannwg resident under the age of 18, has died from Covid 19.

Please note, the source of the data used for this response is the Office of National Statistics (ONS) data Registered Deaths, supplied to us via Digital Health and Care Wales (DHCW) formerly the NHS Wales Informatics Service (NWIS). As such, there will be a time lag on the reporting of deaths, as ONS data awaits the official clinical determination of death.
