

Freedom of Information Request: Our Reference CTMUHB_524_21

You asked:

I am undertaking a project on womens secure services and advocacy, can you please forward details of locations and names of secure units that are specifically for women or are mixed units. I am specifically looking for mental health related units, although details of womens prisons would be beneficial too. This will enable me to gather data to help facilitate whether advocacy is provided onsite, is the advocacy provided gender specific, how easy is it for women to access advocacy. Would it be possible for the information to be broken down into locations/NHS trust providers/ independent providers and whether the units are high, medium or low secure units or prisons?

Our response:

We can confirm that Cwm Taff Morgannwg University Health Board have no low or medium secure units, or specific female only units.
