

Freedom of Information Request: Our Reference CTMUHB_38_21

You asked:

1. Since 04.01.2021 how many vaccine doses have been supplied per week to vaccination centres?
2. How many Corvid-19 vaccination centres are in RCT?
3. How many Corvid-19 vaccination doses has each individual vaccination centre received?
4. How many patients do the individual vaccination centres have per vaccination category?
5. How many vaccination doses will each vaccination centre be getting per week for the next eight weeks?

Our response:

In providing our response to you, we have based the answers to your questions specifically in relation to the RCT area. The information provided below refers to our Community Vaccination Centres and not vaccination being provided via our Primary Care and GP Practices, within our hospital settings, mobile teams and Care Homes.

Response to points 1, 2 & 3

We have two Community Vaccination Centres within the RCT area, these are Ty Trevithic in Abercynon and Rhondda Sports Centre.

For the purposes of this request and your question in point 1 and 3, we have assumed a date range of 04.01.2021 – 07.02.2021.

- Ty Trevithic Has received 1754 Pfizer COVID-19 Vaccine vials
 - Based on 6 doses a vial that equates to 10,524 doses
- Rhondda Sports Centre has received 1245 Pfizer COVID-19 Vaccine vials
 - Based on 6 doses a vial that equates to 7470 doses

Response to points 4

Unfortunately we do not currently break our cohorts down into individual Community Vaccination Centres as they are scheduled and appointed based on location and individual preference and that doesn't happen until the actual scheduling takes place. I can confirm that our Community Vaccination Centres to date have been used to focus on our Priority Groups 3 (70-74 year olds) and Priority Group 2 Social Care Workers.

For the whole of the CTMUHB area which includes RCT CBC, Merthyr Tydfil CBC and Bridgend CBC the number of patients targeted in these groups are as follows:

- Priority Groups 3 (70-74 year olds) – 25,317
- Priority Group 2 Social Care Workers – 5,526

Response to points 5

In addition to the doses already delivered to the 2 vaccination centres as detailed in response to points 1, 2 & 3 above, additional deliveries of vaccination are due up until and including the 15th February 2021 and will be:

- Ty Trevithic – No further deliveries due
- Rhondda Sports Centre – 2,226 doses
