

Freedom of Information Request: Our Reference CTMUHB_383_21

You asked:

I should be obliged if you could let me know the number of residents in Glyncoch that have chest related problems compared to residents living in, Taff's Well.

Our response:

We can confirm that the Health Board does not hold the information that you require. We do not keep registers of existing conditions for members of the population.

The Health Board can provide data for anyone who has been admitted to one of our hospitals with a respiratory complaint (diagnosis), over the last 3 years for example. However, to compare two areas we would need the relevant postcodes for the specific areas you require.
