

Freedom of Information Request: Our Reference CTMUHB_476_22

You asked:

I am writing to make an open government request for all the information to which I am entitled under the FOI Act 2000.

Please enter 'No System Installed' or 'No Department' under supplier name if your trust does not use the system or have the department:

1. System type – Outpatient e-prescribing

System definition:

Outpatient e-prescribing - Advanced e-prescribing in use across wards for outpatient care, incorporating specialist prescribing and (ideally) clinical decision support, integrated as part of end-to-end medicines management. This possibly offers the single biggest opportunity for improving patient safety through digitalisation.

- **Supplier name** – No System Installed - please see note below.
- **System name** -
- **Date installed** -
- **Contract expiration** -
- **Is this contract annually renewed?** - Yes/No
- **Do you currently have plans to replace this system?** - Yes/No
- **Procurement framework** -
- **Other systems it integrates with?** -
- **Total value of contract (£)** -
- **Notes - e.g. we are currently out to tender**
We are currently developing a local business case in order to progress to procurement. There is a National programme of work with regards to ePMA which has undergone a process to produce a list of companies which each HB can then undergo a mini procurement exercise.

2. System name - Inpatient e-prescribing

System definition:

Inpatient e-prescribing - Advanced e-prescribing in use across wards for inpatient care, incorporating specialist prescribing and (ideally) clinical decision support, integrated as part of end-to-end medicines management. This possibly offers the single biggest opportunity for improving patient safety through digitalisation.

- **Date installed** – No System Installed - please see note below.
- **Contract expiration** -
- **Is this contract annually renewed?** - Yes/No
- **Do you currently have plans to replace this system?** - Yes/No
- **Procurement framework** -
- **Other systems it integrates with?** -
- **Total value of contract (£)** -
- **Notes - e.g. we are currently out to tender**

We are currently developing a local business case in order to progress to procurement. There is a National programme of work with regards to ePMA which has undergone a process to produce a list of companies which each HB can then undergo a mini procurement exercise

3. System type – Order Communications

System definition:

Order Communications - Electronic ordering communications systems (OCS) are computer applications used to enter diagnostic and therapeutic patient care orders, for example laboratory test requests or prescriptions, and to view test results. The primary aim of the system is to remove most of the current paper-based process for requesting laboratory investigations and for receiving results.

- **Supplier name** – Please see note below.
- **System name**
- **Date installed**
- **Contract expiration**
- **Is this contract annually renewed? - Yes/No**
- **Do you currently have plans to replace this system?**
- **Procurement framework**
- **Other systems it integrates with?**
- **Total value of contract (£)**

- **Notes - e.g. we are currently out to tender**

Under section 21 of the Act, Cwm Taf Morgannwg University Health Board is not required to provide information in response to a request if it is already reasonably accessible to you. We have answered a previous request in relation to the information you require, and this response is published via our [Disclosure Log](#) on the [Cwm Taf University Morgannwg Health Board](#) web site.

For ease of access we have attached a link directly to the information below:

- [CTMUHB 201 22](#)

4. System type – Pharmacy
