

Freedom of Information Request: Our Reference CTMUHB_15_22

You asked:

1. Please can you provide me with the total amount of admissions to the Princess of Wales and Royal Glamorgan hospitals for cases of- Myocarditis, pericarditis, Cardiac arrest and thrombosis of any kind for years between-

- 2016-2017
- 2017-2018
- 2018-2019
- 2020-2021
- 2021-Present

Please see information provided in the table below, noting the following:

- *Cwm Taf Morgannwg University Health Board (CTMUHB) was established on 1 April 2019. Therefore due to the timeframe requested, the information prior to this relates to the previous Cwm Taf area only and does not reflect the boundary change. Any information requests (prior to April 1 2019) relating to the previous Abertawe Bro Morgannwg University Health Board area (Bridgend) would need to be redirected to FOIA.Requests@wales.nhs.uk
- Year of admission provided.
- Date period provided 01/01/2016 – 31/12/2021.
- Patients admitted for condition coding position 1.
- Patients may have been admitted more than once.
- Patients may belong to another University Health Board (UHB) area.
- Coding on discharge – patients may still be admitted.
- Coding subject to delay.
- Thrombosis Cardiac.
- PoW – Princess of Wales Hospital.
- RGH – Royal Glamorgan Hospital.

	Princess of Wales Admissions			
	Myocarditis	Pericarditis	Cardiac arrest	Thrombosis (Cardiac)
*2019 - 2021	10	16	7	11

	Royal Glamorgan Admissions			
	Myocarditis	Pericarditis	Cardiac arrest	Thrombosis (Cardiac)
2016 - 2021	11	75	12	46

2. In addition to this please provide me with the total number of deaths recorded in the above hospitals between the above dates

	Princess of Wales Deaths			
	Myocarditis	Pericarditis	Cardiac arrest	Thrombosis (Cardiac)
*2019 - 2021	0	0	7	2

	Royal Glamorgan Deaths			
	Myocarditis	Pericarditis	Cardiac arrest	Thrombosis (Cardiac)
2016 - 2021	0	1	21	11

Please note:

- Based on admission date.
- PoW data only available from 01/04/2019 (as stated in response to question 1).

3. Please also confirm the total number of patients that have died as the direct result of covid19 in the above hospitals, not patients that died with a positive test within 28 days.

Covid Deaths	Hospital
400	Princess Of Wales Hospital
516	Royal Glamorgan Hospital

- Based on admission date – patient could have been long stay
- The source of the data used for this response is the Office of National Statistics (ONS) data Registered Deaths, supplied to us via Digital Health and Care Wales (DHCW) formerly the NHS Wales Informatics Service (NWIS). As such, there will be a time lag on the reporting of deaths, as ONS data awaits the official clinical determination of death.

4. Please provide me with the total amount of patients who were already admitted to hospital regardless of reason who then contracted covid19/Delta/Omicron whilst in care.

Patients	Hospital
669	Princess Of Wales Hospital
845	Royal Glamorgan Hospital

Please note:

- Based on admission date.
- These numbers are based on the time between the admission date and the first positive test data for covid being greater than 5 days. They are therefore dependent on testing strategies and other clinical factors, such as the time to the patient showing symptoms. They also include patients who receive home leave as part of their package of care.
