You asked:

When would any information be released please on which mental health and addiction organisations in the Cwm Taff Morgannwg area have funding for the future as from April 1st 2022? When are decisions made?

Our response:

The Cwm Taf Morgannwg Area Planning Board is a multi-agency forum that approves funding related to substance misuse services. Both the NHS and its partner agencies send the agreed proposals to Welsh Government. This is typically done towards the end of quarter 1 of each financial year.
