

Freedom of Information Request: Our Reference CTMUHB_48_22

You asked:

Please could you tell me how many patients have been in ICU with covid19 in all hospitals within the Cwm Taf HB since 1st august 2021 up to the most recent date you have.

Please can you list the information per hospital and also separated between the patients with and without comorbidities (solely with covid19, no underlying health conditions)

Out of those patients in ICU, based only on the ones who have covid19 (again listed per hospital), how many in each hospital ICU have had 0,1,2,3 or 4 doses of the cv19 vaccination.

Our response:

Please see information requested provided in the table below, for the date period 1st August 2021 – 01 February 2022.

Please note the following:

- Patients are coded on discharge and this is subject to delay.
- Patients may belong to another University Health Board (UHB) area.
- Patients may have been admitted more than once.
- All Wales vaccination record data.
- Where the figures are less than 5, this has been denoted by **. The exact figures have been withheld due to the low numbers involved.

Where numbers are low we have considered that there is the potential for the individuals to be identified from the information provided, when considered with other information that may also be in the public domain. Also, responses under the Freedom of Information Act are made available to the public at large. The data is classed as personal data as defined under the General Data Protection Regulation (GDPR) and Data Protection Act 2018 and its disclosure would be contrary to the data protection principles and constitute as unfair and unlawful processing in regard to Articles 5, 6, and 9 of GDPR. We are therefore withholding this detail under Section 40(2) of the Freedom of Information Act 2000. This exemption is absolute and therefore there is no requirement to apply the public interest test.

Vaccine Dose	Prince Charles Hospital	Princess Of Wales Hospital	Royal Glamorgan Hospital
0	5	6	**
1	0	0	0
2	7	10	11
3	0	0	**

We can confirm that all patients had comorbidities.
