

## **Freedom of Information Request: Our Reference CTMUHB\_272\_22**

### **You asked:**

I would like to make a Freedom of Information (FOI) request with the following questions:

- 1. What IT system(s) do your diabetes clinicians and specialists use to manage the interactions with and care of diabetes patients, both within hospital and community settings?**

[The National Wales Clinical Portal.](#)

- 2. What IT system(s) do your diabetes clinicians and specialists use to view the full GP-owned medical records of diabetes patients?**

The National Wales Clinical Portal can be used to view the patients GP record (limited details).

- 3. What IT system(s) or other methods do your diabetes clinicians and specialists use to update diabetes patients' GP-owned medical records?**

The National Wales Clinical Portal would be used to update the patients' medical records within the hospital setting and this document would then be sent on to the GP surgery so they could update their own records.
