

Freedom of Information Request: Our Reference CTMUHB_123_22

You asked:

Please provide me with an up to date Organisational Structure chart for all data analysts including all names, contact details and job titles.

Our response:

Please see provided below the organisational structure in terms of analyst job titles within our Informatics Department.

The Health Board is withholding the names and contact details of the members of staff whose job may fit the title. This decision has been made as it is not within the expectations of the individual that their personal data would be put into the public domain. This information is classed as personal data of third parties and is therefore being withheld in accordance with section 40 (2) of the Freedom of Information Act 2000 (the Act) by virtue of section 40 (3) (a) (i) of the Act which permits a public authority to withhold personal data other than the requester's where the disclosure would breach a Data Protection Principle.

The Data Protection Act 2018 (DPA) / General Data Protection Regulation (GDPR) defines personal data as data which relates to a living individual who can be identified solely from that data or from that data and other information which is in the possession of the data controller.
