

Freedom of Information Request: Our Reference CTMUHB_343_22

You asked:

Please could you tell me how many patients including children have received parental nutrition in Prince Charles hospital from 1/12/2012 to 1/8/2022?

Our response:

Adults – There is no current system within Dietetics to provide the number of patients who have had Parental Nutrition. Some cases may be coded however, this will be inconsistent and so would not provide accurate data.

Therefore, as this is not information that the Health Board routinely compiles, we would have to carry out a specific exercise to collate this data. The information you require would be recorded within an individual patient's health record as part of their ongoing care. To provide you with this information, would require a manual trawl and significantly exceed the 18 hours time and £450 cost limit set out within Section 12 of the Freedom of Information Act.

Children – The Health Board do not hold this information. Paediatric Parental Nutrition is managed at the University Hospital of Wales (UHW). Therefore, you may wish to redirect this element of your request to Cardiff and Vale University Health Board directly for this information. Their contact details are: C&V UHB - CAV_FOI.Requests@wales.nhs.uk.
