

Freedom of Information Request: Our Reference CTMUHB_303_23

You asked:

I would be grateful if you could confirm the method used by the Cwm Taff UHB's cervical screening lab following cervical smears, between 2012 to 2018 - were cervical cytology slides prepared using the SurePath method or the ThinPrep method?

Our response:

We do not do cervical screening at Cwm Taf Morgannwg University Health Board, so are unable to provide this information. Cervical screening is a centralised service provided by Cervical Screening Wales (CSW) and they should be able to assist you with your request. Please see a link to their contact details provided below:
