You asked:

I am trying to understand the level of clinical trials activity that is taking place in the UK.

Specifically can you tell me how many commercial clinical trials have been taking place in this health board during the calendar year of 2022?

This could be completed trials, or trials that are ongoing. When I say "commercial trials", I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

Our response:

We can confirm that there have been four commercial clinical trials open between 1 January 2022 and December 31 2022 at Cwm Taf Morgannwg University Health Board.
