Freedom of Information Request: Our Reference CTMUHB_232_24

You asked:

I am requesting information under the Freedom of Information act.

I would like to know if your organization has any active projects within digital transmission and the migration away from outdated end of life systems. If there is no active project, could you please advise when you would be looking to exercise this project?

As function within the Digital & Data Directorate, we have one major digital transformation project in its early stages which is e-prescribing. Digital Transformation forms a key aspect of our strategy CTM 2030. Therefore, over the coming years the number of digital transformation projects/programmes is likely to increase.

I would also like to request who the appointed contact/ department would be in terms of the transformation
