Freedom of Information Request: Our Reference CTMUHB_330_24

You asked:

Please supply me with data on the number of deaths recorded by CTMHB whether these occurred in your hospitals or elsewhere in which only Covid is cited as the cause of death on the death certificate.

I require the figures from 2019 until now, broken down both monthly and yearly.

Our response:

We can confirm that the Health Board no longer has access to this information (data on patients that have died with COVID as the cause of death on the death certificate).

The agreement on using the Office of National Statistics (ONS) data during the Covid Pandemic for this purpose has ended and we do not have an alternative source of this data. Therefore, you will need to contact the ONS directly for this information. To assist you with your request please see their contact details provided in the following link:
