Dear Sir/Madam,

Freedom of Information Request: Our Reference CTMUHB_172_24

You asked:

I'm hoping you can help me with the following request:

1. For your Health Board, what is the current waiting time for an autism assessment for children and young people?

Our response:

There is one routine waiting list for assessment of Autism Spectrum Disorder and Attention Deficit Hyperactivity Disorder, which is managed by the Neurodevelopmental Service. At present, the waiting time for an initial assessment is 24 months.

The service continue to work to improve waiting times for assessment, whilst signposting to support services to support families whilst their child/young person is on the waiting list.
