Please treat the following as a request under the Freedom of Information process.

Please could you provide me with the following information if held.

This can be either proposed at a discussion point or a more formal stage of the decision process. I would like to capture new treatment areas or areas that would offer both day or overnight bed spaces. If so, please could you record the proposed site and an estimated number of additional beds to be added per year?
2. Please can you confirm if there are any proposed new theatres planned to be created within your trust in the next five years.
3. Please can you confirm if any of your current bed spaces or theatres are planned to be moved into a new building or area in the next 5 years.
4. If questions 1-3 have highlighted a response that confirms new facilities, please could you confirm which organisation has been authorised to lead on the work if the project has reached the stage of awarding?
