Freedom of Information Request: Our Reference CTMUHB_544_24

Clarification provided:
Broken down by speciality, please.

You asked:

I would like to know how many surgeries were performed in your hospitals in 2013, 2023 and how many were performed in 2024 so far (up to September).

I would like these broken down by type of surgery, if possible.

Our response:

Please see information provided in the table below for the years requested and broken down by speciality. Noting the following:

- Cwm Taf Morgannwg (CTM) University Health Board was established on 1 April 2019. Therefore, due to the timeframe requested, the 2013 data relates to the previous Cwm Taf area and does not reflect the boundary change (Princess of Wales Hospital not included).
- Cases carried out within CTM hospitals, Royal Glamorgan Hospital, Prince Charles Hospital and Princess of Wales Hospital - does not include tertiary / Service Level Agreement (SLA) or other Hospitals referred cases.
- Where the figures are less than 5, this has been denoted by **. The exact figures have been withheld due to the low numbers involved.

Where numbers are low we have considered that there is the potential for the individuals to be identified from the information provided, when considered with other information that may also be in the public domain. Also, responses under the Freedom of Information Act are made available to the public at large. The data is classed as personal data as defined under the General Data Protection Regulation (GDPR) and Data Protection Act 2018 and its disclosure would be contrary to the data protection principles and constitute as unfair and unlawful processing in regard to Articles 5, 6, and 9 of GDPR. We are therefore withholding this detail under Section 40(2) of the Freedom of Information Act 2000. This exemption is absolute and therefore there is no requirement to apply the public interest test.
