## Freedom of Information Request: Our Reference CTMUHB\_188\_25

### You asked:

I'm interested to know how many Cardiopulmonary Exercise Testing Systems (CPET/CPEX) are in use throughout the trust.

For each system I'd like to know:

1. The number of current devices in use
2. Manufacturer and type of device
3. Which hospitals are they in
4. Which departments are they in
5. Date of installation

### Our response:

Please see information provided in the table below:

| Hospital                   | Department                              | Description                | Model Name           | Manufacturer    | Installed Date |
|----------------------------|-----------------------------------------|----------------------------|----------------------|-----------------|----------------|
| Prince Charles Hospital    | Cardio Pulmonary Unit                   | Pulmonary Function Machine | Vyntus CPX           | Carefusion      | 21/12/2023     |
| Prince Charles Hospital    | Cardio Pulmonary Unit                   | Pulmonary Function Machine | Vyntus Body          | Vyaire Medical  | 26/10/2020     |
| Royal Glamorgan Hospital   | Diagnostic Unit                         | Pulmonary Analyser System  | MS-PFT               | Vyaire Medical  | 14/03/2012     |
| Royal Glamorgan Hospital   | Diagnostic Unit                         | PFT Head unit              | PFT Head Unit        | Jaeger          | 14/03/2012     |
| Royal Glamorgan Hospital   | Diagnostic Unit                         | WALK TEST DIAGNOSTICS      | VYNTUS WALK V-178501 | Carefusion      | 28/10/2015     |
| Princess of Wales Hospital | Respiratory Physiology Sleep Department | Pulmonary Analyser System  | MS-PFT               | Vyaire Medical  | 02/11/2020     |
| Princess of Wales Hospital | Respiratory Physiology Sleep Department | Pulmonary Analyser System  | MS-PFT               | Vyaire Medical  | 02/11/2020     |
