

Freedom of Information Request: Our Reference CTMUHB_368_25

You asked:

Under the Freedom of Information Act 2000, I am requesting the following information regarding your organisation's digital maturity.

- **Shared Care Record: For your main Shared Care Record (or equivalent electronic shared patient record), please state which of the following partners currently contribute data to it (not just view it):**
 - **Primary Care (GPs)**
 - **Acute Trusts (Hospitals)**
 - **Community Health Services**
 - **Mental Health Services**
 - **Social Care (Local Authority)**

Shared Care Record:

- Primary Care (GPs) - Contribute
- Acute Trusts (Hospitals) – Contribute
-
- **Artificial Intelligence (AI): Do you have a formal, board-approved governance framework for using Artificial Intelligence (AI)? If yes, please list any AI applications currently in operational use.**

A policy has been developed which has been through wider consultation and is intended to go the Board for approval shortly. In the interim, the Senior Information Risk Owner, Caldicott Guardian, Data Protection Officer and Chief Clinical Information Officer (with responsibilities for clinical safety for AI) have endorsed the use of the framework within the policy for consideration of AI. This framework is in addition to the requirements for AI to have been subject to a DPIA, Cyber Security Assurance Assessment and the NHS England's Digital Transformation Assessment Criteria.

Applications in use:

- Dragon Medical One
- IBEX Prostate & Breast AI
- BRAINOMIX
- Heartflow
- BoneXpert
- Gleamer
- Azmed (Rayvolve)
- Radiobotics
- CTMUHB Libre AutoCoder

- **Patient-Facing Digital Services: Through your main patient-facing app or portal, which of the following functions are available? (Please answer Yes/No for each):**
 - **Booking/managing appointments**
 - **Ordering repeat prescriptions**
 - **Viewing GP health record**
 - **Viewing hospital letters/results**
 - **Secure messaging with a clinical team**
 - **Accessing a personalised care plan**
 - **Contributing their own data (e.g., via remote monitoring)**

Not applicable, services are not currently available via a CTMUHB patient-facing app or portal.

- **Digital Strategy: Have you approved a digital and data strategy for the 2025-2027 period that aligns with your nation's overarching digital health strategy?**
