## Freedom of Information Request: Our Reference CTMUHB\_389\_25

### You asked:

Under the Freedom of Information Act, please can you tell us:

1. What information material do you provide to patients diagnosed with *C. difficile* infection in your care? If available, please could you provide the material or a link to the information?

### Our response:

Please see attached as requested – V4.1 of the MRSA Leaflet (Attachment 1).

On 07.08.25 the MRSA Procedure (V5) was approved at the Infection Prevention and Control Committee meeting. It will be presented at the Operational Management Board in September/October for final endorsement before being added to our SharePoint. The new policy also has an additional information leaflet (Attachment 2) which will be given to the patient on diagnosis (PVL Staph. Aureus).
